Beyond Tithes And Offerings:

Beyond Tithes and Offerings Dr. J. Gayle Gaymon, 2015-08-14 Early in our Christian lives we are taught the importance of tithing and making offerings It is a way to show our love for God and desire to live in faith under his rules But do we really know the background and importance of the call to tithe Dr J Gayle Gaymons *Beyond Tithes and Offerings* I AM the God of Recompense takes an in depth look at the principle of tithes and offerings under the Mosaic Law Scriptural references are provided to support her conclusions She considers the question If there is no longer Jew or Gentile and you are grafted into Gods redemptive plan does He require anything less from you The author also discusses what it means to be wholly or partially in the body of Christ and how it relates to being called a Christian You will also learn what else it takes to be a true Christian *Beyond Tithes and Offerings* I AM the God of Recompense will expand your faith knowledge which will help you become a better servant for God

Beyond Tithes and Offerings Michael L. Webb, Mitchell T. Webb, 1998 Michael and Mitchell Webb look at the practice of tithing as practiced in many churches and contend that this traditional practice actually hinders true Christian responsibility especially to the poor and needy

Beyond Tithing Stuart Murray, 2011-12-19 Tithing is biblical but not Christian So asserts Dr Stuart Murray in this radical examination of the contemporary practice of tithing in which the author comes to some surprising conclusions Stuart Murray clearly explains tithing in the Old Testament and in Christian history but then probes further asking penetrating questions such as Is tithing Christian Did Jesus tithe Does tithing function as a regressive tax burdening the poor while the rich get richer Does tithing lead to a legalistic approach that alienates us from Jesus The author suspects that a lot of the current lack of interest in the church stems from deep seated memories of the church as oppressive uncreative and money grabbing In response we should therefore learn not to calculate percentages but explore creative ways of developing communities of justice and generosity that are good news to the poor *Beyond Tithing* will stimulate your thinking and challenge the dominant influence of the practice of tithing as the model for Christian stewardship
