Poet painter and engraver William Blake died in 1827 in obscure poverty with few admirers The attention paid today to his remarkable poems prints and paintings would have astonished his contemporaries Admired for his defiant uncompromising creativity he has become one of the most anthologized and studied writers in English and one of the most studied and collected British artists His urge to cast words and images into masterpieces of revelation has left us with complex forceful extravagant some times bizarre works of written and visual art that rank among the greatest challenges to plain understanding ever created This Companion aims to provide guidance to Blake's work in fresh and readable introductions biographical literary art historical political religious and bibliographical Together with a chronology guides to further reading and glossary of terms they identify the key points of departure into Blake's multifarious world and work    **Coleridge, Lamb, Hazlitt, and the Reader of Drama** Janet Ruth Heller,1990 Many nineteenth century writers believed that the best tragedy should be read rather than performed and they have often been attacked for their views by later critics Through detailed analysis of Coleridge's Shakespearean Criticism Lamb's *On the Tragedies of Shakespeare* and Hazlitt's *Characters of Shakespeare's Plays* Heller shows that in their concern with educating the reader these Romantics anticipate twentieth century reader response criticism educational theory and film criticism Publishers website    The Complete Writings ... a stimulating interpretation of Blake's art and poetry in the context of the revolutionary period in which he was working Like all of Bronowski's writings it dazzles with wide ranging erudition making this work far removed from conventional literary criticism

**Ngugi wa Thiong'o, Gender, and the Ethics of Postcolonial Reading** Dr Brendon Nicholls, 2013-04-28

This is the first comprehensive book length study of gender politics in Ngugi wa Thiong'o's fiction Brendon Nicholls argues that mechanisms of gender subordination are strategically crucial to Ngugi's ideological project from his first novel to his most recent one Nicholls describes the historical pressures that lead Ngugi to represent women as he does and shows that the novels themselves are symptomatic of the cultural conditions that they address Reading Ngugi's fiction in terms of its Gikuyu allusions and references a gendered narrative of history emerges that creates transgressive spaces for women Nicholls bases his discussion on moments during the Mau Mau rebellion when women's contributions to the anticolonial struggle could not be reduced to a patriarchal narrative of Kenyan history and this interpretive maneuver permits a reading of Ngugi's fiction that accommodates female political and sexual agency Nicholls contributes to postcolonial theory by proposing a methodology for reading cultural difference This methodology critiques cultural practices like clitoridectomy in an ethical manner that seeks to avoid both cultural imperialism and cultural relativism His strategy of performative reading that is making the conditions of one text such as folklore history or translation active in another for example fiction literary narrative or nationalism makes possible an ethical reading of gender and of the conditions of reading in translation
