applied to the right situation they are very powerful The flexibility of the book makes it useful to different groups of people and enables it to be used in a variety of ways Managers can read all or part of it to gain more insight into organizations use it as part of an overall change program or select certain sections or activities to deal with particular problems     *Child Development Guides for Teachers of 3-, 4-, and 5-year-old Children* University of the State of New York.
