**The Oxford Handbook of Seventh-Day Adventism** Michael W. Campbell, Christie Chui-Shan Chow, David Holland, Denis Kaiser, Nicholas Miller, 2024 This Oxford Handbook contains 39 original essays on Seventh day Adventism Each chapter addresses the history theology and various other social and cultural aspects of Adventism from its inception up to the present as a major religious group spanning the globe **Adventist Interchurch Relations** Stefan Hörschele, 2022-09-05 This study presents the first comprehensive analysis of Seventhday Adventist interchurch relations a 20 million member body whose ecumenical stance has so far been underresearched For the sake of interpreting denominational involvement and reservations in Adventism as well as beyond the study develops a new academic approach to ecumenism based on Relational Models Theory a comprehensive social science paradigm of interpreting human relationships The resulting typology of ecumenical interactions and the historical case study of Adventism suggest that such a relational interpretation of ecumenical interaction sheds light on many of the unresolved issues in ecumenics such as divergent concepts of unity difficulties in recognition processes and the permanence of denominationalism **Improving Women's Health Across the Lifespan** Michelle Tollefson, Nancy Eriksen, Neha Pathak, 2021-10-24 The book is an evidence based source of information on women s health issues for health professionals already practicing lifestyle medicine as well as an entry level textbook for those new to the field of lifestyle medicine The collective expertise of each of the editors along with content provided by leaders within the American College of Lifestyle Medicine fills a much needed void within the specialty of Lifestyle Medicine and is for providers of women s health globally **Seeking the Lost, Keeping Them, Making Them Disciples** Dr. Benoit Petit-Homme, 2018-08-27 Seeking the Lost Keeping Them Making Them Disciples By Dr Benoit Petit Homme God bless Dr Benoit Petit Homme for all the work he has done in putting this book together I believe that any church or leader who will follow these biblically grounded principles will see beautiful results in changed lives for the kingdom Teresa L Reeve PhD Associate Dean Seventh day Adventist Theological Seminary Associate Professor of New Testament Contexts Andrews University United States of America Dr Benoit Petit Homme s contribution to the discipleship crisis is a compelling re examination of scripture church history and 21st century pastoral experience Practical and convincing his straightforward style brings real solutions to the evangelistic Achilles heels of attrition He reminds us of what has been forgotten and calls us back to our relational roots Pr Ron Kelly Senior Pastor Village Seventh day Adventist Church Berrien Springs Michigan United States of America Seeking the Lost Keeping Them Making Them Disciples by Dr Benoit Petit Homme is a handy Christ based discipleship resource that will contribute to the mission of training and equipping church ministry leaders in the evangelistic work of reaping retaining and nurturing new believing Christians This is a must read for church officers pastors and ministry directors in the Christian church Ron C Smith PhD D Min President Southern Union Conference of SDA Every year many thousands of people hear the Good News of Jesus Christ and choose to be baptized and join a church community

Unfortunately it is also true that every year many new converts leave a church relatively shortly after joining The specific reasons that each person leaves the church could fill a book by themselves but they all boil down to one thing a lack of focus on the part of the church community on turning converts into disciples of our Savior A disciple of Christ does more than attend church services A disciple is an active member of the church community A disciple is a witness to others A disciple seeks to grow the church by seeking to lead everyone they meet to Christ Dr Benoit Petit Homme is a committed disciple of Christ and after extensive study of exactly why new converts leave the church he has developed a process by which any church can make disciples All it takes is a little extra work a bit of encouragement and an unwavering faith in the Lord

**The Gospel of Climate Skepticism** Robin Globus Veldman,2019-10-22 Why are white evangelicals the most skeptical major religious group in America regarding climate change Previous scholarship has pointed to cognitive factors such as conservative politics anti science attitudes aversion to big government and theology Drawing on qualitative fieldwork The Gospel of Climate Skepticism reveals the extent to which climate skepticism and anti environmentalism have in fact become embedded in the social world of many conservative evangelicals Rejecting the common assumption that evangelicals skepticism is simply a side effect of political or theological conservatism the book further shows that between 2006 and 2015 leaders and pundits associated with the Christian Right widely promoted skepticism as the biblical position on climate change The Gospel of Climate Skepticism offers a compelling portrait of how during a critical period of recent history political and religious interests intersected to prevent evangelicals from offering a unified voice in support of legislative action to address climate change
