Acting Class Nick Drnaso,2022-08-16 From the acclaimed author of *Sabrina* Nick Drnaso's *Acting Class* creates a tapestry of disconnect, distrust, and manipulation. Ten strangers are brought together under the tutelage of John Smith, a mysterious and morally questionable leader. The group of social misfits and restless searchers have one thing in common: they are out of step with their surroundings and desperate for change. A husband and wife four years into their marriage and simmering in boredom. A single mother and her young son showing disturbing signs of mental instability. A peculiar woman with few, if any, friends and only her menial job keeping her grounded. A figure model comfortable in his body and ready for a creative challenge. A worried grandmother and her adult granddaughter, a hulking laborer and gym nut, a physical therapist, an ex-con. With thrumming unease, the class sinks deeper into their lessons as the process demands increasing devotion. When the line between real life and imagination begins to blur, the group's deepest fears and desires are laid bare. Exploring the tension between who we are and how we present, Drnaso cracks open his characters' masks and takes us through an unsettling American journey.

Colburn's United Service Magazine and Naval and Military Journal, 1865 *The Politics of American Actor Training* Ellen Margolis, Lissa Tyler Renaud, 2011-01-13 This book addresses the historical, social, colonial, and administrative contexts that determine today's U.S. actor training, as well as matters of identity, politics, access, and marginalization as they emerge in classrooms and rehearsal halls. It considers persistent questioning voices about our nation's acting training as it stands, thereby contributing to the national dialogue the diverse perspectives and proposals needed to keep American actor training dynamic and germane both within the U.S. and abroad. Prominent academics and artists view actor training through a political, cultural, or ethical lens, tackling fraught topics about power as it plays out in acting curricula and classrooms. The essays in this volume offer a survey of trends in thinking on actor training and investigate the way American theatre expresses our national identity through the globalization of arts education policy and in the politics of our curriculum decisions.
