**The Golden Age Playbook for a New Earth Order** Jenio Joseph Giordano, 2024-12-24 The Golden Age Playbook for a New Earth Order After seven years of preparing for what has been more than just a story but our future Perhaps Fate will determine the course in which follows as I know the implications of my transgressions But also the Natural Truth of being bold in the face of adversity and the insurmountable fear that stands opposed to these Natural Truths The time has come for those who seek the unfiltered truth of how the Earth works And what is required to navigate the changes required to leverage the narrow passage we have before us This is not an invitation but a declaration of what is already occurring You can do what you wish with this information But know this The Golden Age is not asking it s happening This is not about one human leading humans but a state of beingness that begins inside who you are who we are where we live where we want to go what we want to do about it how we need to resolve it and the playbook that we become in order to arrive at the destination Therefore avoid the fear of propaganda which has so ever divulged us into evaporating what nature we have left in us and return back to who we are in the natural form While bringing the new age of gadgets we possess towards our future Know this there has been a wake of bones buried in the making of this heroes sacrificing to make room for a narrow passage to exist Lives are on the line for those locked into this manifestation of progress Whatever you do Download this locally on a hard drive share it and ensure you read it to understand what is before us
