 some of the thoughts that are important to me and will give the reader a glimpse of how I think and express my feelings The  
 reader will even find three of my stories I made up while I was traveling around Switzerland sitting in the back seat with my

 Christopher M. Cullen,2006-02-23 The great Franciscan theologian St Bonaventure c 1217 74 engaged in philosophy as well

 devoted to Bonaventure s thought as a whole In this survey Christopher M Cullen reveals Bonaventure as a great synthesizer  
 whose system of thought bridged the gap between theology and philosophy The book is organized according to the categories  
 of Bonaventure s own classic text *De reductione artium ad theologiam* Cullen follows Bonaventure s own division of the  
 branches of philosophy and theology analyzing them as separate but related entities He shows that Bonaventure was a  
 scholastic whose mysticism was grounded in systematic theological and philosophical reasoning He presents a fresh and  
 nuanced perspective on Bonaventure s debt to Augustine while clarifying Aristotle s influence Cullen also puts Bonaventure s  
 ideas in context of his time and place contributing significantly to our understanding of the medieval world This accessible  
 introduction provides a much needed overview of Bonaventure s thought Cullen offers a clear and rare reading of  
 Bonaventurianism in and for itself without the complications of critique and comparison This book promises to become a
