Teaching Performance Expectations for Educating English Learners María V. Balderrama, Lynne T. Díaz-Rico, 2006
 Teacher Performance Expectations for Educating English Learners addresses the needs of elementary and secondary teachers in multilingual classrooms including second language learning across multiple academic subjects. Renowned authors María V. Balderrama and Lynne Díaz-Rico provide in a single volume the techniques necessary to prepare teachers and other professionals to teach speakers of other languages and cultural backgrounds. This timely text is designed to be a comprehensive source of teaching techniques and effective educational practices, particularly those that meet California's standardized Teacher Performance Assessment that prospective teachers must take. This book specifically addresses those standards by presenting explicit expectations that challenge teachers in multilingual multiethnic classrooms. Subscribing to a teaching approach that respects and builds second language skills upon a foundation of native language proficiency, Teacher Performance Expectations for Educating English Learners contains the most up-to-date techniques currently available for promoting linguistic proficiency and features multiple effective teaching methods for the educator of English learners. The main tenet of the book is that successful English language learning results from a combination of rich, interesting content, instruction, and a fast-moving, engaging curriculum. [Educating Exceptional Children 05/06](#) Karen L. Freiberg, 2004-10. This updated thirty-fourth edition gives you articles from the best of the public press. Bilingual and ESL Classrooms: Teaching in Multicultural Contexts Carlos J. Ovando, Mary Carol Combs, Virginia P. Collier, 2006. Demographic predictions are that students with close connections to their bilingual/bicultural heritages, now labeled language minority students by the federal government, will be very large in number in the near future, becoming the majority in many states over the next three decades. The authors feel it is the responsibility of all educators, not just specialists, to prepare themselves to work with language minority students. This time-tested classic text, not an edited volume, integrates theory and practice and provides comprehensive coverage of bilingual and ESL issues. The text integrates the fields of ESL, bilingual, and multicultural education and provides rich examples of effective practices and their underlying research knowledge base and provides an extremely clear and balanced overview of research on teaching in multilingual and multicultural contexts.
