

MARK SCHEME for the October/November 2013 series

4024 MATHEMATICS (SYLLABUS D)

4024/22

Paper 2, maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

Why States Recover Greg Mills, 2014 State failure takes many forms Somalia offers one extreme A collapse of central authority as the outcome of a prolonged civil war where authority descends into competing factions warlords around the spoils of local commerce power and international aid At the other end of the scale is Malawi under President Bingu During his abbreviated second term in office the country's economy collapsed as a result of poor policies and personalised politics On the surface save the petrol queues it was stable underneath the polity was fractured and the economy broken Between these two extremes of state failure are all manner of examples This book uses field work based case studies of more than thirty
