

and the 1990s. Although the environmental movement has been the driving force behind the growth of environmentalism, the movement has also been influenced by other factors, such as economic globalization, technological advancements, and changes in public opinion. The environmental movement has also faced challenges, including political opposition, economic interests, and social divisions. The movement has also had a significant impact on politics, policy, and society, leading to the establishment of environmental agencies, the development of environmental policies, and the promotion of environmental values and practices. The environmental movement has also faced challenges, including political opposition, economic interests, and social divisions. The environmental movement has also had a significant impact on politics, policy, and society, leading to the establishment of environmental agencies, the development of environmental policies, and the promotion of environmental values and practices.
