Adventure Guide To Puerto Rico Adventure Guide To Puerto Rico:

Puerto Rico Adventure Guide Kurt Pitzer, 2011-04-15 This guide offers a mix of practical travel information along with details of adventurous activities which should be fun for everyone no matter what their age or ability. There is information on the history, culture, climate and geography of the island, covering its people and their roots, museums, historic sites and local attractions. The adventures include birdwatching, hiking and cycling. Then there is advice on where to eat and stay, transportation, practical concerns, useful websites, e-mail addresses, tourism offices and detailed regional and town maps that feature walking and driving tours. This fourth edition explores archaeological sites, preserves and rugged rainforest environments. It includes tips on how to manage the local bus system and advice on safety for women travellers. By far the best guidebook ever to have been published about the island and the most complete. Rosario Ferrer, acclaimed Puerto Rican novelist. The most complete book that I have seen about my island. These guys have been everywhere. I'm impressed. Javier Gomez, musician with Vivanativa, a popular Puerto Rican rock group. This is a strong guide for active nature loving travellers but also includes information on Internet cafes, bicycle rentals and the bus system in San Juan. We especially appreciated the list of unusual accommodations. Our favorite was Casa Cubuy on the south side of El Yunque. We had a lovely and memorable stay at this guest house thanks to a friendly host, interesting guests and stunning views of the rain forest. Other accommodations we enjoyed included Hotel Belgica in Ponce and Villa Cofresi, an affordable resort in Rincon. The book also includes detailed information on the Museo de Arte de Puerto Rico in San Juan, live music spots and the Arecibo Observatory. The volume shortchanges the striking Rio Camuy Cave Park and lists Old San Juan attractions in a confusing order but it has interesting extras such as the blurb about the curious Boiling Nuclear Superheater in Rincon and an explanation of a local pirate, Roberto Cofresi. The concise road maps helped us navigate smaller highways while the hiking maps for the Guanica Forest Reserve and El Yunque helped us guesstimate the time needed for an adequate visit. We were especially glad we didn't miss the Bahia Fosforecente Phosphorescent Bay. Amazon.com reviewer. A down to earth guide. Information packed, offering comprehensive and interesting facts about every aspect of the island. Anton Community Newspapers
