*Handbook of Markets and Economies: East Asia, Southeast Asia, Australia, New Zealand* Anthony Pecotich, Clifford J Shultz, 2016-07-22 East and Southeast Asia is a vast and complex region. Its countries have a bewildering array of histories, demographics, economic structures, cultural backgrounds, and global marketing potential. This Handbook unravels the mystery. Each chapter is written by a country specialist and provides a thorough and up-to-date analysis of one of the ESEA countries. Each author follows a consistent model and covers geography and natural resources, the political system, the economic system, the social system, and the marketing environment. Complete chapters are devoted to Australia, Brunei, Cambodia, China, and Hong Kong, East Timor, Indonesia, Japan, Korea, North and South, Laos, Malaysia, Myanmar, New Zealand, Papua New Guinea, the Philippines, Singapore, Taiwan, Thailand, and Vietnam. Not just a review of current conditions, the Handbook offers prognoses for future marketing and commercial activity in each country. This definitive resource is generously illustrated with maps, figures, and tables, and includes comprehensive references and source materials for each country. It is an essential reference for students, researchers, and practitioners in the global economy.

**Ethics in Marketing**

Patrick E. Murphy, Gene R.

Laczniak, Fiona Harris, 2016-12-13 Understanding and appreciating the ethical dilemmas associated with business is an important dimension of marketing strategy. Increasingly, matters of corporate social responsibility are part of marketing's domain. Ethics in Marketing contains 20 cases that deal with a variety of ethical issues such as questionable selling practices, exploitative advertising, counterfeiting, product safety, apparent bribery, and channel conflict that companies face across the world. A hallmark of this book is its international dimension, along with high-profile case studies that represent situations in European, North American, Chinese, Indian, and South American companies. Well-known multinationals like Coca-Cola, Facebook, VISA, and Zara are featured. This second edition of Ethics in Marketing has been thoroughly updated and includes new international cases from globally recognized organizations on gift giving, sustainability, retail practices, multiculturalism, sweat shop labor, and sports sponsorship. This unique case book provides students with a global perspective on ethics in marketing and can be used in a free-standing course on marketing ethics or marketing and society, or it can be used as a supplement for other marketing classes.

*Challenging the Legal Boundaries of Work Regulation* Judy Fudge, Shae McCrystal, Kamala Sankaran, 2012-07-11

Focusing on paid work that blurs traditional legal boundaries and the challenge this poses to traditional forms of labour regulation, this collection of original case studies illustrates the wide range of different forms of regulation designed to provide decent work. The original case studies cover a diversity of workers from across developed and developing countries, the formal and informal economies, and public and private work spaces. Each deals with the failings of traditional labour law and several explore the capacity of different forms of regulatory techniques such as commercial law, corporate codes of
