2008 Spring Autism Asperger Publishing Company, Autism and Tomorrow Karen L. Simmons, Bill Davis, 2018-07-24. Looking Ahead to the Future of Autism. Study and Care. Autism and Tomorrow is a comprehensive resource that addresses many parents' questions pertaining to their child with autism such as financial planning, long term care, employment options and employer relationships, community resources, education, bullying, puberty, doctor visits, sex, nutrition, fitness, family relationships and more. Karen L. Simmons, the founder and CEO of Autism Today and Bill Davis, author of *Breaking Autism's Barriers*, offer sound expert advice derived from their own experiences. Both Simmons and Davis are parents of children with autism; consequently, Autism and Tomorrow is as much an autobiography as it is a reference book. Both authors draw inspiration directly from their own lives and apply their expertise to the general study of the subject. By doing so, Simmons and Davis hope to help other parents, caretakers, relatives, and friends improve both their knowledge of autism and, as a result, the lives of those affected by it.

Autism Spectrum Disorders, 2011 **Education and Technology Support for Children and Young Adults With ASD and Learning Disabilities** Kats, Yefim, Stasolla, Fabrizio, 2020-11-13.

Among the disabilities covered at the state and federal levels, autism and related conditions are a sharply growing diagnostic category among children and young adults. In education, administrators and practitioners working with affected learners are continually faced with confronting difficult problems such as getting adequate personnel training and choosing appropriate tools and techniques that best fit the specific needs of their students while at the same time satisfying their budget, technical

resources curriculum and profile of the ASD population they serve The choice of appropriate tools is especially complex due to the intrinsic connection between technical specifications educational therapeutic methods and the wide variety of ASDs and related conditions In this respect tools chosen to support children may need to target those diagnosed not only with ASD but also with such co morbidity conditions as attention deficit disorder The instructional strategies and use of technology currently have room for improvement for online hybrid and face to face counseling settings Also an effective evaluation of educational technologies and tools would be fundamentally incomplete without a thorough understanding and assessment of the related special education practices as well as psychological and neurological issues specific for ASD and learning disabilities Education and Technology Support for Children and Young Adults With ASD and Learning Disabilities provides an in depth analysis on the use of available technology solutions instructional design methods and assessment techniques in the context of standards and regulations in classroom or counseling settings The chapters contain theoretical analyses vital practical information and case studies that can function as guidelines for those involved in helping children and young adults with ASD or learning disabilities in online hybrid or face to face environments While highlighting topics such as inclusive education online gaming environments assistive technologies and cognitive development this book is ideally intended for administrators instructional technology specialists special education faculty counselors instructional designers course developers social workers and psychologists along with practitioners stakeholders researchers and academicians interested in education and technology support for children and young adults with ASD and learning disabilities
