Become A 21st Century Executive:

Become a 21st Century Executive Nigel Dessau, 2015-03-24 **Management and Behavioural Processes , The Leadership Shadow** Erik de Haan, Anthony Kasozi, 2014-08-03 In today's fast paced interconnected and mercilessly competitive business world senior executives have to push themselves and others hard Paradoxically to succeed as leaders they also need to relate to others very well Under stress and challenge the qualities executives have relied on to get them to the top and to achieve outstanding results can overshoot into unhelpful drives that lead to business and personal catastrophes The Leadership Shadow draws on the lived experience of executives to make sense of what actually happens when their drivers overshoot and they act out the dark side of leadership It shows how executives can find stability in the face of uncertainty resilience in the face of gruelling demand and psychological equilibrium as a leader in the face of turbulence *Coaching in Times of Crisis and Transformation* Liz Hall, 2015-10-03 Coaching in Times of Crisis and Transformation takes an in depth look at crisis and change in the world we live in today and discusses its impact on both individuals and organizations Covering not just coaching in the current crisis but any time of crisis and change it offers a complete practical resource for managers and coaches to tackle the challenges effectively This book can help turn a crisis whether personal or systemic into an opportunity for transformation Coaching in Times of Crisis and Transformation covers definitions of crisis from both the individual and organizational perspective including insights on adapting to change and finding opportunities in crisis what neuroscience tells us about our reactions to change transformative coaching change models supporting organizations in crisis and how coaching and mentoring can act as preventative measures against crises

Hunt-Scanlon's Select Guide to Human Resource Executives , 1998 Annual Convention Series American Management Association, 1928 Exploring Management John R. Schermerhorn, Jr., Daniel G. Bachrach, 2017-12-08 Exploring Management supports teaching and learning of core management concepts by presenting material in a straightforward conversational style with a strong emphasis on application With a focus on currency high interest examples and pedagogy that encourages critical thinking and personal reflection Exploring Management is the perfect balance between what students need and what instructors want **The Handbook of Federal Government Leadership and Administration** David H. Rosenbloom, Patrick S. Malone, Bill Valdez, 2016-10-26 Public management is context dependent rather than generic That may sound obvious but in the late 1920s through the 1930s a dominant strand of thought considered public administration to be a single process wherever practiced Today by contrast federal administration is distinguished from private enterprise nonprofit management and state and local governmental practices by the combined effects of its scope and scale the constitutional separation of powers federalism and protection of individual rights and administrative law requirements for stakeholder participation representation transparency privacy due process and other democratic constitutional values The Handbook of Federal Leadership and Administration is a state of the art guide to the unique

features of federal administration informed by the latest theoretical developments research and practical applications and the leadership and management of federal agencies Written by academics with federal practitioners specifically in mind the handbook is designed to bridge the gap between academic and applied public administration by identifying what resonates with practitioners as they search for usable theories and research findings to improve performance Combining rigor and relevance in the study and practice of federal administration it includes chapters on theory history reform initiatives leadership necessary skill sets budgeting power and influence political embeddedness change management separated and shared executive legislative and judicial powers effective communication ethics and emerging concepts and challenges It will be essential reading for federal practitioners scholars and academics alike
