Leopold,2024-02-22 2024 Foreword INDIES Book of the Year Awards Finalist for Political and Social Sciences This book gave me a new lens to see the world Robert Krulwich former co host of WNYC s Radiolab Addressing the pressing issues affecting everyday Americans during an election year is essential and one of our nation s most profound challenges is the devastating impact of mass layoffs Layoffs upend people s lives cause enormous stress and lead to debilitating personal debt The societal harm caused by mass layoffs has been known for decades Yet we do little to stop them Why Why do we allow whole communities to be destroyed by corporate decision makers Why do we consider mass layoffs a natural baked in feature of

modern financialized capitalism And what are our elected officials going to do about it In Wall Street s War on Workers Les Leopold co founder of the Labor Institute provides a clear lens with which we can see how healthy corporations in the United States have used mass layoffs and stock buybacks to enrich shareholders at the expense of employees With detailed research and concise language Leopold explains why mass layoffs occur and how our current laws and regulations allow companies to turn these layoffs into short term financial gains Original and insightful Wall Street s War on Workers places US labor practices in the broader context of our social and political life examining the impact financial strip mining and legalized looting are having on party politics destroying the integrity of democratic institutions Leopold expertly lays out how the proliferation of opioids coupled with Wall Street s destruction of jobs in West Virginia Pennsylvania Michigan and Wisconsin have led to widespread mass layoff fatalism Democrats have unarguably lost the longstanding support of millions of urban and rural workers and Leopold points out how party leaders have been wrong about the assumption that the white working class is becoming less progressive and motivated to abandon the Democratic Party by reactionary positions on divisive social issues With deep analyses stark examples and surprisingly simple proactive steps forward Leopold also asserts that Surviving and thriving in a competitive global economy does not require mass layoffs A new virulent financialized version of American capitalism is policy driven To end mass layoffs Wall Street s domination of our economy must end The accepted wisdom about white working class populism is wrong Ending stock buybacks and changing corporate officers pay structures could eliminate mass layoffs Mass layoffs are not the result of inevitable economic laws or new technologies like artificial intelligence Both groundbreaking and urgent Wall Street s War on Workers not only offers solutions that could halt mass layoffs but also offers new hope for workers everywhere Leopold offers a contrarian yet compelling take on America s white working class and says Democrats in 2024 ignore this massive potentially sympathetic voting bloc at their peril Booklist starred review Wall Street s War on Workers the book neither party wants you to read It penetrates one of the chief media deceptions of the 21st century namely that working class voters are driven by racism and xenophobia and not by a more simple enraging motive they ve been repeatedly ripped off by the wealthy donors to both parties Matt Taibbi [West's Federal Supplement](#) ,1997 [Polk City Directory](#) ,2006 [Genesee County, Michigan City Directory](#) ,2007 [Who's who in Finance and Business](#) ,2008 [Security Owner's Stock Guide](#) [Standard and Poor's Corporation](#) ,2009 [Nelson's Directory of Investment Research](#) ,1995 [The Value Line Investment Survey](#) ,1999 [Condemnation 101](#) ,2006 [Puget Sound Business Journal](#) ,2003 [Chain Store Age](#) ,2006-07 [Real Property Law Reporter](#) ,1997 [Home](#) ,1993
