Bed Bath And Beyond My Pillow:

The Value of Values Daniel Aronson, 2024-02-06 How business leaders can grow profits and competitive advantage by doing the right thing Acting on values doing good for the benefit of all can substantially benefit the bottom line but many business leaders mistakenly believe that doing the right thing lowers profits This belief is the greatest barrier holding businesses back from being more financially and competitively successful and delivering more good for the world Not only can it be a winning business strategy to act on values as Daniel Aronson suggests in The Value of Values but it is also a savvy choice increasing a company's power profit and competitive advantage in many cases with little additional investment or risk It starts with seeing what others miss Using extensive research and real world calculations Aronson demonstrates that the submerged value of initiatives such as taking bold action to combat climate change helping people find jobs or creating an open inclusive work environment is normally 4 to 10 times more than initially believed Calculating and capturing the true business benefit of acting on values provides a much needed update to the sustainability and responsibility playbook Even more important it shows executives how to harness the value of values to improve profitability acquire customers and turbocharge their own careers Written by a measurement pioneer and one of the world's foremost experts on making ethical business count The Value of Values trains leaders to respond smartly and credibly to today's challenges transforming how business can and should be done

God and Cancel Culture Stephen E. Strang, 2021-09-07 FROM THE BEST SELLING AUTHOR OF GOD AND DONALD TRUMP 64% of Americans believe cancel culture is a threat to their freedom This book will help you realize the seriousness of the battle before us and illuminate the present circumstance for the purpose of doing good to bring hope It will document what is happening in our country how believers can respond and why we can look expectantly to the future This is the time for neither religious fatalism nor political inaction No matter how bad things get in the culture or in government the Bible is true and God has plans and purposes we don't understand and in the end we win Things are chaotic in America Liberal policies are advancing A rash of executive orders appears to be moving the nation closer to socialism and a one world government And conservatives including many Christians are being censored as never before There's even a term cancel culture which 64 percent of Americans believe poses a threat to their freedom according to a Harvard CAPS Harris Poll Among Republicans that figure is even higher at 80 percent The term applies to all conservatives who oppose the politically correct crowd but it's part of a bigger effort to cancel Christianity and those who espouse biblical principles It almost seems this is the beginning of the end and the Antichrist will appear at any time You pick the cultural or political issue and there likely is not even the semblance of widespread agreement It seems that Christians are in an unprecedented season of fragmentation potential division and actual separation on many fronts Instead of going forward much of the church seems to be moving backward or standing still waiting for what's next The body of Christ is a big diverse family and we must choose to cheer one another on rather than get into circular firing squads We are called to advance on

every front This book will assess and affirm the different approaches playing out The body needs clarity and unity and has little of both right now Wounded armies want hope focus and encouragement This book will not throw anyone overboard who is standing for the truth in some positive way Rather it will allow readers to look critically at the various approaches vying for our allegiance and attention here in the middle of 2021 In the course of this survey we will find reason to affirm where people are fighting on the battlefield and validate the perspectives they bring Featuring interviews with a cross section of leaders this book will document what is happening in our country how believers can respond and why we can look to the future with hope Even though things are bad we must understand that conditions have been this bad or worse in the past and God always came through He has plans and purposes we don't understand Christians must not lose heart We must stand strong and not be intimidated We must pray and we must believe God for a great awakening No matter how bad things get in the culture or in government the Bible is true and all things work together for good to those who love God Rom 8:28 MEV That's because we are called according to His purpose A purpose never goes in reverse This book will reveal what that looks like in its various forms in the day in which we live It gives a great handle for promoting unity and appreciation of one another when that is breaking down so badly elsewhere Indeed maybe the love Jesus spoke about that makes us recognizable to the world will be seen as this book illuminates the supernatural unity among people of very diverse opinions and approaches while pointedly addressing these various hot button areas

[The Silencing of the Lambs](#) Michael L. Brown, 2022-03-01 How long will the church's voice be drowned out by the roar of the enemy After reading this book you will understand the critical issues threatening the spread of the gospel in America and how you can play a part and no longer be a silent lamb drowned out by the voices of secularism liberalism and pagan thinking in America If you are a conservative living in America today there is a target on your back If you are a Christian conservative that target is even bigger If you are a Christian conservative who refuses to bow down to the spirit of the age the spirit of political correctness that target is so big that you are a marked man or woman A person like that like you must be silenced So says today's cultural elite who are making it increasingly difficult for Christians to stand up and live out their faith In *The Silencing of the Lambs* Dr Michael L Brown lays out what is happening in the world around us from the assault on children in schools and on college campuses to the unprecedented censorship of Christians and conservatives through Big Tech He then maps out strategies for how we can turn the pitfalls into platforms and find courage in the midst of opposition The Word of God cannot be bound The church cannot be cancelled This book sounds the alarm alerting Christians to the increasing censorship opposition and even persecution believers are facing today and calls them to remove the muzzle take their place as the church in this nation and turn the tide
