THE CASE FOR REPEAL

# Antitrust The Case For Repeal

**William Mark McKinney, Burdett  
Alberto Rich**

## **Antitrust The Case For Repeal:**

Antitrust Policy D.T. Armentano, 1986-05-01 D.T. Armentano has long been one of the foremost critics of antitrust and in this new book he states his challenge squarely there is no respectable economic theory or empirical evidence to justify antitrust. Antitrust laws have been employed repeatedly to restrict the competitive market process and to protect the existing industrial structure. They violate both economic efficiency and individual liberty and they should be repealed

**Recent**

**Efforts to Amend Or Repeal the Robinson-Patman Act** United States. Congress. House. Committee on Small Business.

Ad Hoc Subcommittee on Antitrust, the Robinson-Patman Act, and Related Matters, 1975 **Antitrust and Monopoly** Dominick T. Armentano, 1996 The stated purpose of antitrust laws is to protect competition and the public interest. But do such laws actually restrict the competitive process harming consumers and serving the special interests of a few politically connected competitors? Is antitrust law a necessary defense against the predatory business practices of wealthy entrenched corporations that dominate a market? Or does antitrust law actually work to restrain and restrict the competitive process injuring the public it is supposed to protect? This breakthrough study examines the classic cases in antitrust law and demonstrates a surprising gap between the stated aims of antitrust law and what it actually accomplishes in the real world. Instead of protecting competition this book asserts antitrust law actually protects certain politically favoured competitors. This is an essential work for anyone wishing to understand the limitations and problems of contemporary antitrust actions.

*Hearings, Reports and Prints of the Senate Committee on the Judiciary* United States. Congress. Senate. Committee on the Judiciary, 1968 *Consent Decree Bills* United States. Congress. House. Committee on the Judiciary. Subcommittee on Monopolies and Commercial Law, 1973 **Consent Decree Bills** United States. Congress. House. Committee on the Judiciary, 1973

*Hearings, Reports and Prints of the House Committee on the Judiciary* United States. Congress. House. Committee on the Judiciary, 1973 *George Mason University Law Review*, 1991 **Antitrust** Dominick T. Armentano, 1999

This 100 page tour de force rips the intellectual cover off antitrust regulation to reveal it for what it is a bludgeon used by businesses against their competitors. Unlike some critics Professor Armentano carries the logic of his analysis to fullest possible length. My position on antitrust has never been ambiguous he writes. All of the antitrust laws and all of the enforcement agency authority should be summarily repealed. The antitrust apparatus cannot be reformed it must be abolished. Professor Armentano begins with the most rigorous and revealing account of the Microsoft antitrust battle to appear in print. He further discusses other recent cases including Toys R Us, Staples and Intel as well as many historical cases. He covers nearly every conceivable rationale for antitrust including price fixing, tie ins, vertical and horizontal mergers and many more. This is a crucially important work in our new era of antitrust enforcement. This 2nd edition is newly revised 1999 and includes a new treatment of Murray Rothbard's contributions to the theory of monopoly and competition. Finally this is the only book in print on antitrust and the Microsoft case that calls for the repeal of all antitrust
