Selling Used Books Online Stephen Windwalker,2002     *Sell MoreBooks* Webster Tsenease,2018-11-14 Has your book sold less than 3000 copies If so then thank God you found this book because those sales are about to take off as a result of learning and applying what you will learn in this book There are 4 pillars which are integral to your book s success and they are 1 Marketing 2 Publicity 3 Distribution 4 Sales Those pillars when mastered will lead to steady book sales every year until you die or until you stop using the techniques laid within this book I first published my first book in 2011 and it didn t even sell a single copy then published my second one and it sold some copies but just not enough especially since I wrote that book for two years and worked very hard researching my topic and so forth It sucked so much because I knew that the content of my book was brilliant and that it was about something that was and still is a very serious topic Ever since then I have learned about how to really sell books directly and also digitally I have learned about how to reach the right people who will actually buy your book and not make comments about it I learned about how to handle my finances so that I can reinvest the money from book sales back into making more book sales I have learned so much after publishing 4 books of mine and selling over 10 000 copies that number sounds small and insignificant next to bigger ones but trust me it s not easy to sell that many books but I have figured out what worked and what works for me and I hope that it works for you too Are you ready to give your book the chance to really be successful Get my book it s a short read and it s also very practical by asking you to do certain things which will help you to understand the material more What more is there to say let s start selling more books
