Augustine Conversions To Confessions:

Augustine Robin Lane Fox, 2015-11-03 This narrative of the first half of Augustine's life conjures the intellectual and social milieu of the late Roman Empire with a Proustian relish for detail New York Times In *Augustine* celebrated historian Robin Lane Fox follows Augustine of Hippo on his journey to the writing of his *Confessions* Unbaptized Augustine indulged in a life of lust before finally confessing and converting Lane Fox recounts Augustine's sexual sins his time in an outlawed heretical sect and his gradual return to spirituality Magisterial and beautifully written *Augustine* is the authoritative portrait of this colossal figure at his most thoughtful vulnerable and profound

Augustine Robin Lane Fox, 2016-12-27 A major new interpretation of how one of the great figures of Christian history came to write the greatest of all autobiographies *Augustine* is the person from the ancient world about whom we know most He is the author of an intimate masterpiece the *Confessions* which continues to delight its many admirers In it he writes about his infancy and his schooling in the classics in late Roman North Africa his remarkable mother his sexual sins Give me chastity but not yet he famously prayed his time in an outlawed heretical sect his worldly career and friendships and his gradual return to God His account of his own eventual conversion is a classic study of anguish hesitation and what he believes to be God's intervention It has inspired philosophers Christian thinkers and monastic followers but it still leaves readers wondering why exactly Augustine chose to compose a work like none before it Robin Lane Fox follows Augustine on a brilliantly described journey combining the latest scholarship with recently found letters and sermons by Augustine himself to give a portrait of his subject which is subtly different from older biographies Augustine's heretical years as a Manichaean his relation to non-Christian philosophy his mystical aspirations and the nature of his conversion are among the aspects of his life which stand out in a sharper light For the first time Lane Fox compares him with two contemporaries an older pagan and a younger Christian each of whom also wrote about themselves and who illumine Augustine's life and writings by their different choices More than a decade passed between Augustine's conversion and his beginning the *Confessions* Lane Fox argues that the *Confessions* and their thinking were the results of a long gestation over these years not a sudden change of perspective but that they were then written as a single swift composition and that its final books are a coherent consummation of its scriptural meditation and personal biography This exceptional study reminds us why we are so excited and so moved by Augustine's story

Augustine's Intellectual Conversion Brian Dobell, 2009-11-05 This book examines Augustine's intellectual conversion from Platonism to Christianity as described in Confessions 7 9 13 21 27 It is widely assumed that this occurred in the summer of 386 shortly before Augustine's volitional conversion in the garden at Milan Brian Dobell argues however that Augustine's intellectual conversion did not occur until the mid 390s and develops this claim by comparing Confessions 7 9 13 21 27 with a number of important passages and themes from Augustine's early writings He thus invites the reader to consider anew the problem of Augustine's conversion in 386 was it to Platonism or Christianity His original and important study will be of interest to a wide range of readers in the history of philosophy and the history of theology **Augustine's Confessions**

conversion to Christianity *Confessions* is generally considered one of Augustine's most important texts. It is widely seen as the first Western autobiography ever written and was an influential model for Christian writers throughout the Middle Ages. Professor Henry Chadwick wrote that *Confessions* will always rank among the great masterpieces of western literature. In the work, Augustine writes about how much he regrets having led a sinful and immoral life. He discusses his regrets for following the Manichaean religion and believing in astrology. He writes about Nebridius's role in helping to persuade him that astrology was not only incorrect but evil, and Saint Ambrose's role in his conversion to Christianity. The first nine books are autobiographical and the last four are commentary. He shows intense sorrow for his sexual sins and writes on the importance of sexual morality. The books were written as prayers to God, thus the title based on the Psalms of David, and it begins with "For Thou hast made us for Thyself and our hearts are restless till they rest in Thee." The work is thought to be divisible into books which symbolize various aspects of the Trinity and trinitarian belief.

Confessions Saint Augustine (of Hippo), ST. AUGUSTINE OF HIPPO., 2021-10. St Augustine of Hippo's *Confessions* is an autobiographical work that focuses on the author's conversion to Christianity. For Augustine, confessions means not only confessing one's sins of omission and commission but also proclaiming one's faith. It is a foundational work in Roman Catholic belief and earned its author recognition as a Doctor of the Church and an Ecumenical Father.

The Journey Toward God in Augustine's Confessions Carl G. Vaught, 2003-08-14. A new interpretation of the first six books of Augustine's *Confessions* emphasizing the importance of Christianity rather than Neoplatonism.

The Conversion of Augustine Romano Guardini, 2020-04-23. Penned by Romano Guardini 1885-1968, one of the most profoundly insightful minds of the 20th century, this unique text is a meditative unfolding of a defining moment in the history of Western civilization. A professor of religion and theology at the University of Munich as well as a religious humanist and an accomplished man of letters, Guardini wrote numerous influential works in several fields. This book is no exception to the Guardini rule: lucid explication of ideas and events central to the creation of Western culture. The merit of Guardini's beautiful book, writes Louis Dupre, consists in having restated Augustine's eternal insight in the light and darkness of contemporary existence. This title is therefore an unequalled aid for educators, students, and general readers wishing to understand the perennial issues embodied in the conversion from paganism to Christianity of the last Father of the Church.

Goodreads: Those who know and love the *Confessions* can expect to be amazed at how much more the personality and the conversion of this great religious genius will mean to them seen through the eyes of the author of this penetrating and beautiful study.

Virginia Kirkus: For all libraries concerned with theology, philosophy, and the spiritual giants of our Christian era, this book is a rare find.
