Employer sponsored deferred compensation and welfare benefit plans play major roles today in employee compensation packages As the popularity of these plans has increased so has the complexity of the law in this area This volume is designed to help employee benefits professionals fit deferred compensation arrangements and welfare benefits into employee compensation packages so as to maximize the ultimate financial benefits and minimize the related costs Special attention is devoted to the tax aspects of such arrangements due to the complexity and potential impact of the Internal Revenue Code

These essays extend Bakhtin's concepts in important new directions and challenge Bakhtin's own use of his most cherished ideas. Four sets of paired essays explore the theory of parody, the relation of de Man's poetics to Bakhtin's dialogics, Bakhtin's approach to Tolstoy and ideological literature generally, and the dangers of dialogue not only in practice but also as an ideal.
