Learn the Secret to Success. After nearly 20 years of teaching, Lewis Morris discovered a startling fact. Most students didn't struggle with the subject they struggled with the language. It was never about brains or ability. His students simply didn't have the knowledge of the specific language needed to succeed. Through experimentation and research he discovered that for any subject there was a list of essential words that when mastered unlocked a student's ability to progress in the subject. Lewis called this set of vocabulary the Insider's Words. When he applied these Insider's Words the results were incredible. His students began to learn with ease. He was on his way to developing the landmark series of workbooks and applications to teach this Insider's Language to students around the world.

**Ladders to Heaven** Mike Shanahan, 2016-09-08. Irresistible Literary Review. Fig trees have affected humanity in profound but little known ways. They are wish fulfillers, rainforest royalty, more precious than gold. Ladders to Heaven tells their incredible story. They fed our pre-human ancestors, influenced diverse cultures, and played a key role in the birth of civilisation. More recently they helped restore life after Krakatoa's catastrophic eruption and proved instrumental in Kenya's struggle for independence. Figs now sustain more species of bird and mammal than any other fruit. In a time of falling trees and rising temperatures they offer hope. Theirs is a story about humanity's relationship with nature as relevant to our past as it is to our future.
