Kramer, 2019-01-23 What is the future of civil rights Like a living thing discrimination evolves adapting to its time As
discrimination becomes more individualized as difference becomes more pronounced we need a civil rights that is attuned to
the way identity is performed today Outsiders is filled with stories that demand attention stories of people whose search for
identity has cast them to the margins Their stories reveal that we need to refresh our vision of civil rights Taking its cue from
religious discrimination law Outsiders proposes two major changes to civil rights law The first is a right to personality
Identity comes from within The goal of civil rights law should be to take people as they come to let each of us determine who
we are and how we relate to the world around us The second change is a shift in how the law responds to discrimination The
critical question driving equality law should be whether there is space to accommodate a person's identity Accommodations
are about respecting difference not erasing it Accommodations are a way to bring outsiders in Outsiders seeks to change the
way we think about identity equality and discrimination It argues that difference not sameness should be the cornerstone of
civil rights Mixing doctrine and theory art and personal narrative Outsiders proposes a civil rights for everyone Being
different is universal We are all outsiders *The Review of the News* ,1980-04 Includes a section called Correction please
