Harvard Business Review has sorted through hundreds of articles and selected only the most essential reading on each topic. Each title includes timeless advice that will be relevant regardless of an ever-changing business environment. **Bloomberg Businessweek**, 2011. **Nothing But Net: 10 Timeless Stock-Picking Lessons from One of Wall Street's Top Tech Analysts** Mark Mahaney, 2021-11-09. Find the winners, avoid the losers, and build a solid Tech portfolio for the long run with proven methods from legendary analyst Mark Mahaney. The Tech industry is the stock market's hottest, most profitable sector, but it can be a roller coaster ride. Companies with great ideas can end up going nowhere, and some that dominate today will be sold at fire-sale prices in five years. Sure, things can become sore things very rapidly. Nothing But Net provides the knowledge and insights you need to understand what's really hot, to know what's not, and to outperform other investors consistently and decisively. Famous for his smart, savvy, and unique approach to Tech stock investing, Mark Mahaney provides his 10 proven rules for succeeding as a long-term Tech stock investor, explaining everything he's learned during almost 25 years of analyzing internet stocks, including why revenue growth and customer metrics, not earnings, are what matter most to Tech investors. How to invest, not trade, in the great growth opportunities that lie ahead. How to determine when high valuations are a warning sign and when they signal an opportunity. I've watched the rise of some of the leading companies of today: Facebook, Amazon, Netflix, Google, and the fall of some of the leading companies of yesterday: Yahoo, eBay, and AOL. Mahaney writes, "Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do. But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation." Nothing But Net provides powerful advice for the next two decades; lessons you can start applying today and use for years to come.

Discount Shopping Express. KnowIt Express, Shelly Ross, 2016-02-05. Get on the EXPRESS for Discount Shopping. Know how to find discount, get coupons, and save money shopping online and offline. Want to save money while shopping? Of course you do. Why? Because nobody likes to find their wallet or purse flat out empty from all the joy or necessity of shopping, nor suffer the consequence of endlessly swiping the PLASTIC to the max on whatever they can get their hands on, then waiting for the wrath of the credit card bill to drop on their doorstep, only to regret with buyer's remorse and now swimming in debt and hanging at the mercy of creditors. Finding bargains and deals may seem obvious: head to Google and click Search, or go through the stack of mails and newspapers hoping to grab some coupons, but there is far more to the process than people realize. Also, still think getting the best bang for your bucks are exclusive at the big major retailers. Think again. That's the perception they create for you to shop there in the first place. When stuffs are perceived to be on sale, you just have to buy it right. But are they really on sale? Because there are other secret underground mom and pop-like shops where less people know about that offer better outrageous deals. In order to save money shopping, you need to do what others don't do and look where others don't look, because whenever there is word of a goldmine, it will be over before anybody else has the chance to pick up a shovel. You need to approach discount shopping and bargain hunting from a different angle, like

how pro shoppers do By taking the Discount Shopping Express your destination includes How to find discount online and offline with advanced shopping strategies How to get coupons the way nobody else is doing and very few know about How to determine and decide on the best place to buy whatever you re looking for How to save money shopping like savvy shoppers do with insider shopping tips How to handle impulsive compulsive shopaholic behavior and break the habit Also personalized hands on exercises and applications to put everything into action on discount shopping and much more Start saving and sniffing out bargains now Hack the shopping process to always get the best deal
