The book shows how to guide children's movement experiences from the Foundation Stage right through to adventurous activities and sports games at the end of Key Stage 2. It contains a wealth of practical advice on developmentally appropriate practical ideas that supports the PECCSL strategy. Middle Level Teacher Preparation across International Contexts Cheryl R. Ellerbrock, Katherine M. Main, David C. Virtue, 2022-09-02 This volume offers a cross-national analysis of teacher education programs designed to prepare teachers for work in middle level schools. The book showcases 15 detailed case studies of courses at institutions across North America, Europe, Asia and Africa, including countries currently underrepresented in middle level literature, which provide detailed information on programming whilst foregrounding the political, social and cultural factors which have influenced priorities within teacher education. Underpinning the book is a comparative case study framework used to identify divergences and commonalities within and across nations, whereby factors such as globalization, policy and socio-cultural views of teaching and adolescence are explored as determinants of the nature, success and challenges of middle level teacher preparation. This text will benefit scholars, academics and students in the fields of middle level education, teacher education and international and comparative education. Those involved with educational policy and politics as well as teacher training and the sociology of education more broadly will also benefit from this volume.
