Girl In A Sloppy Joe Sweater:

Girl in a Sloppy Joe Sweater Mary Peate, 1989 *The Scramble for the Teenage Dollar* Katharine Rollwagen, 2025-05-15 Co ed junior miss grad teenster From the late 1930s to the 1950s the teenager emerged as a distinct and ideal market segment The Scramble for the Teenage Dollar explores how consumption became an integral part of being a teenager This nascent consumer always a white middle class heterosexual high school student had purchasing power that demanded recognition At least that was the image fashioned by Canadian advertisers and retailers and especially the biggest department store of the time Eaton s Katharine Rollwagen dives into consumer magazines Eaton s archives and mail order catalogues to discover how the commercialized Canadian teenager was created Packed with insights about how retailers and advertisers attempted to shape the look bodies and behaviour of young Canadians this is an intriguing look at the power of corporate actors to influence popular understandings of growing up It also reveals the roots of the hyper consumerism common among young people today College Girls Lynn Peril, 2013-12-16 The author of *Pink Think* takes on a twentieth century icon the college girl A geek who wears glasses Or a sex kitten in a teddy This is the dual vision of the college girl the unique American archetype born when the age old conflict over educating women was finally laid to rest College was a place where women found self esteem and yet images in popular culture reflected a lingering distrust of the educated woman Thus such lofty cultural expressions as *Sex Kittens Go to College* 1960 and a raft of naughty pictorials in men s magazines As in *Pink Think* Lynn Peril combines women s history and popular culture peppered with delightful examples of femoribilia from the turn of the twentieth century through the 1970s in an intelligent and witty study of the college girl the first woman to take that socially controversial step toward educational equity The Dominion of Youth Cynthia Comacchio, 2008-10-08 Adolescence like childhood is more than a biologically defined life stage it is also a sociohistorical construction The meaning and experience of adolescence are reformulated according to societal needs evolving scientific precepts and national aspirations relative to historic conditions Although adolescence was by no means a discovery of the early twentieth century it did assume an identifiably modern form during the years between the Great War and 1950 *The Dominion of Youth* Adolescence and the Making of Modern Canada 1920 to 1950 captures what it meant for young Canadians to inhabit this liminal stage of life within the context of a young nation caught up in the self formation and historic transformation that would make modern Canada Because the young at this time were seen paradoxically as both the hope of the nation and the source of its possible degeneration new policies and institutions were developed to deal with the problem of youth This history considers how young Canadians made the transition to adulthood during a period that was developmental both for youth and for a nation also working toward individuation During the years considered here those who occupied this dominion of youth would see their experiences more clearly demarcated by generation and culture than ever before With this book Cynthia Comacchio offers the first detailed study of adolescence in early twentieth century Canada and demonstrates how
