Motor's Factory Shop Manual, 1964 American Cars, 1960-1965 J. "Kelly" Flory, Jr., 2023-07-06 The automotive industry underwent great change in the 1960s. The continuing trend toward market consolidation, the proliferation of sizes and nameplates, and the need for speed characterized this period, loosely labeled as the muscle car era. This is an exhaustive reference work to American-made cars of model years 1960-1965. Organized by year and summarizing the market annually, it provides a yearly update on each make's status and production figures, then details all models offered for that year. Model listings include available body styles, base prices, engine and transmission choices, power ratings, standard equipment, major options, and their prices, curb weight, and dimensions. Interior and exterior paint color choices, changes from the previous year's model, and sales figures are also given. Also given are assembly plant locations and historical overviews of each model nameplate.

American Light Trucks and Utility Vehicles, 1967-1989 J. "Kelly" Flory, Jr., 2019-10-31 The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s, and the minivan revolution of the 1980s. The popularization of the SUV as a family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors, and more. Finally, each truck is detailed, fully with specifications and measurements, prices, production figures, standard equipment, and more. **Catalog of Sears, Roebuck and Company** Sears, Roebuck and Company, 1976 **Focus On: 100 Most Popular Station Wagons** Wikipedia contributors, *Catalog* Montgomery Ward, 1971 **Commercial Car Journal**, 1967-03 Beginning with 1937, the April issue of each vol is the Fleet reference annual.
