## Read My Essay Out Loud:

Visual Writing Alex Baratta, 2010-07-12 Considering the fact that the academic essay continues to be widely used as an assessment tool within education there is a need for students to develop their skills in this area. However, it is often the case that students perceive instruction in academic writing if it is offered at all as boring. This book addresses these two issues. First, the book can be used by students themselves even in the absence of academic writing classes as a self-help guide from which they can develop their knowledge of academic writing and subsequent proficiency. Second, by discussing the components of academic writing in terms such as film, which are familiar to today's generation, students are enabled to relate to the material better and see what might have been perceived as dull from a brand new perspective. Visual learners in particular will enjoy the analogous link between films and essays, and students today are arguably more visually literate than previous generations, being exposed to visuals on a daily basis through text message iconography, computer games, and the Internet. The visual instruction provided in turn helps to facilitate mental visuals in students' minds from which their knowledge of essay writing can start to develop.

Remember Me Derek Hansen, 2010-02-01 From the bestselling author of *SOLE SURVIVOR* comes a story of loss of innocence and unexpected repercussions of war. It began innocently. It destroyed innocence forever. When a twelve-year-old boy writes an essay and inadvertently uncovers a wartime secret, he unleashes a chain of events which rips a close community apart, turning neighbour against neighbour, friend against friend. It is Auckland 1956. While the country has been spared the destruction which ravaged Europe and Asia, beneath the surface, bitter memories and old enmities run deep. The war may be over, but as the boy discovers, it is far from done with. In a poignant and gripping tale of events which challenge and define a post-war community, master storyteller Derek Hansen superbly captures the spirit of inner-city life in the mid-fifties when migrants and war survivors came to a land of peace and the promise of a new life, only to have it challenged in unexpected and life-changing ways. Derek Hansen has an uncanny knack for bringing back the substance and subtleties of the times and places about which he writes. In this instance, having been raised in Auckland in the 1950s, his eye is unerring. Ripping yarn builds to an enthralling climax.
