replacing original reporting as the coin of the realm And an entire generation is relying on Facebook friends and Twitter
feeds to tell them what to read Is this the beginning of an irreversible slide into third rate journalism Or the start of a better
world of interactive multimedia journalism Will the news industry live up to its responsibility to forge a well informed public
Shepard tackles all the tough questions facing journalists the news industry and indeed anyone who understands the
importance of a well informed public in a healthy democracy The story of Shepard's career is the story of the news industry
