Amazon Prime Queen Of The Sun:

The Remorseless Queen Susan Appleyard, 2015-06-11 Margaret of Anjou was Queen of England during the period known as the War of the Roses. As a fifteen year old bride she had many difficulties to face. She brought no dowry to her adopted land which was still at war with her native land. Not least of all her husband was reluctant to come to her bed. With a weak and ineffective king on the throne rival parties tilted for power. When the struggle escalated into war Margaret realized she had no choice but to suppress the feminine side of her nature in order to protect her feeble minded husband and helpless son. Leading her party dictating policy dealing with foreign princes she became in fact king in all but name. *Amazon Origins* R. H. Kent, 2013-04-15 In the dark recess of history women were considered property of first their father and then their husband an established tradition for hundreds of years. Just what would have to happen for one woman to decide that enough was enough. And on her journey through life as she gathered like minded women with her how did they manage to become the legendary Amazons in a time when men ruled the world. Reading this book you don't just observe the story you experience it. **Along the Andes and Down the Amazon** John Augustine Zahm, 1912 *Queen of Trial and Sorrow* Susan Appleyard, 2018-05-31 A B R A G Medallion winner this is the story of Elizabeth Woodville the wife of King Edward IV and the mother of the Princes in the Tower. As an impoverished widow she was wooed and won by the handsome young king and believed her dreams had come true. But she was soon swept up in the War of the Roses enduring hardship and danger as her husband struggled to keep his throne. When he died Elizabeth was unable to protect her family against the ruthless ambitions of the man he trusted above all others. It was the king's brothers the unstable Duke of Clarence and the loyal Duke of Gloucester who would prove to be Elizabeth's most dangerous enemies.
