*Teaching Big History* Richard B. Simon,Mojgan Behmand,Thomas Burke,2015 Big History is a new field on a grand scale it tells the story of the universe over time through a diverse range of disciplines that spans cosmology physics chemistry astronomy geology evolutionary biology anthropology and archaeology thereby reconciling traditional human history with environmental geography and natural history Weaving the myriad threads of evidence based human knowledge into a master narrative that stretches from the beginning of the universe to the present the Big History framework helps students make sense of their studies in all disciplines by illuminating the structures that underlie the universe and the connections among them Teaching Big History is a powerful analytic and pedagogical resource and serves as a comprehensive guide for teaching Big History as well for sharing ideas about the subject and planning a curriculum around it Readers are also given helpful advice about the administrative and organizational challenges of instituting a general education program constructed around Big History The book includes teaching materials examples and detailed sample exercises This book is also an engaging first hand account of how a group of professors built an entire Big History general education curriculum for first year students demonstrating how this thoughtful integration of disciplines exemplifies liberal education at its best and illustrating how teaching and learning this incredible story can be transformative for professors and

students alike     **Academic Reading** Kathleen T. McWhorter,2001 This advanced reading text combines six chapters on reading in the disciplines the social sciences business the humanities and literature mathematics the natural sciences and the technical and applied fields with excellent coverage of reading comprehension and critical thinking Written in consultation with teachers from across the disciplines the fourth edition provides new material on argument and up to date coverage of reading electronic sources     **Visual and Performing Arts Framework ,2004     American Book Publishing Record**

**College Reading and Study Skills** Kathleen T. McWhorter,2001 Emphasizing critical thinking College Reading and Study Skills approaches reading and study skills as active learning processes Students analyze their learning style and then apply what they have learned with new Learning Experiments and Learning Principles exercises A new section of thematically organized readings in Part 7 offers practice with both textbook and non textbook excerpts as well as web reading A new Chapter 9 Reading Electronic Sources presents strategies for reading and evaluating electronic sources New SuccessWorkshops offer practical tips on how to succeed in college     **Prebles' Artforms** Duane Preble,Patrick Frank,Sarah Preble,2014 We form art Art forms us The title of this book has a dual meaning As humans form works of art we are in turn formed by what we create The art world

constantly evolves as today's artists interpret challenge and ultimately create the world around them. The 11th edition of Prebles Artforms reflects this dynamic environment; it is one of the most exhaustive revisions in the book's history. Three recent trends drive this edition: changing pedagogical needs, new scholarly research, and recent creativity by artists around the world. MyArtsLab is an integral part of the Prebles Artforms program. Engaging activities and assessment provide a teaching and learning system that helps students experience and interact with art. Key learning tools include ART 21 videos, Studio Technique videos, and our hallmark Closer Look tours of works of art. Teaching and Learning Experience: This program will provide a better teaching and learning experience for you and your students. It Personalizes Learning with MyArtsLab. The new MyArtsLab delivers proven results in helping students succeed and provides engaging experiences that personalize learning. Provides Thematic Exploration: Help students explore the reasons for creating art, the motivation for individual artists, and how art impacts its audience. Emphasizes Critical Thinking: Chapter opening Thinking Ahead questions encourage students to focus and think critically about the issues to come. Focuses on Art Today: More than 175 new images reflect the author's view that contemporary art provides the best path to art appreciation because of its currency and global nature. Note: You are purchasing a standalone product; MyArtsLab does not come packaged with this content. If you would like to purchase both the physical text and MyArtsLab, search for ISBN 10 020598112 ISBN 13 9780205968114.
