A History of the City of San Francisco John S. Hittell, 2015-07-13 Excerpt from A History of the City of San Francisco And Incidentally of the State of California This book was written at the request of the committee appointed to manage the celebration in San Francisco of the Centennial Anniversary of the Declaration of our National Independence in accordance with a resolution adopted by Congress on the thirteenth of March 1876 recommending that in every town the delivery of a historical sketch of the place from its foundation should be part of the local celebration It was considered better that instead of a brief sketch to be read publicly in an hour the metropolis on the American coast of the North Pacific should have a book of several hundred pages The city furnishes material enough for a history which could never be prepared on a more appropriate occasion than in commemoration of the National Centennial year especially since it happens to coincide with the completion of the first century in the existence of our city Such a double epoch demanded some special mark of recognition There are urgent reasons why works of this kind should be written by pioneers and while there are still hundreds of pioneers living to furnish information from their personal reminiscences and from papers that will be lost when they die About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Historic San Francisco Jonathan Cook, 2016-10-29 San Francisco is often considered the most beautiful city in the world and is home to a diverse population that pushes the boundaries of social constructs But San Francisco has not always been the city that you see today In fact most of what we know and see of the city did not exist prior to the California Gold Rush of 1849 and the few years of gold fever that followed The San Francisco we know today is relatively young and has been remodeled more than once over the years This book will bring to you in pictures and text a history of San Francisco of which most people are unaware Even San Francisco history buffs should find something new in these pages Visit the author s website for more books as well as links to art and prints from the author s books <https://sites.google.com/site/jccookauthor>
