Moment of Truth Marc Nuttle, 2012-09-20 With the Christian vote more widely polarized than ever, Marc Nuttle offers a must-read book for conservative America. In "Moment of Truth," Nuttle exposes the escalating trends in our government toward regulation and overspending while taking a critical look at the increasing power of Trade Unions and the corroding effects of the United Nations. He speaks especially to the 28 million small business owners in the country, 80 percent of whom are Republican and 65 percent of whom are evangelical, arguing that these policies will be devastating to them while putting America's economic future in jeopardy. Ultimately, Nuttle demonstrates the conclusive dangers of big government when controlled by those who would lead this nation toward an irretrievable tipping point.

Hall, Shirley M. Hord, 2001 This book focuses on the process of educational change and leadership using the Concerns Based Adoption Model (CBAM) as a conceptual framework. The change process in schools is made complex by the wide range of educational innovations. These require effective leadership that recognizes the role people play. If the focus of change is solely on technology and if the personal side is not addressed, the result is resistance and implementation failure. This book addresses those concerns using the CBAM Model in a useful and immediately applicable format. Each chapter in the book is organized to move from concept to application, covering research, a clear description of the change concept, case studies, examples, discussion questions, and activities.
