9/11 The Conspiracy Theories

David Gardner,2021-08-19 The time is right to learn what really happened on 9 11 The time is right to unearth what has been deliberately withheld from the public Nearly twenty years ago on 11 September 2001 four passenger aircraft were hijacked and flown into the World Trade Center in New York the Pentagon near Washington and a field in Shanksville Pennsylvania Nearly three thousand people were killed The narrative in the weeks and months that followed seemed straightforward the attacks had been masterminded by al Qaeda leader Osama bin Laden an embittered terrorist with an abiding hatred of the West But as the twenty year anniversary approaches that neat explanation still fails to answer some important questions surrounding that fateful day How did World Trade Center Building 7 100 yards from the Twin Towers collapse so quickly and symmetrically when it had not been hit How could two rogue aircraft bring down three towers Did the US government help orchestrate the attacks as an inside job 9 11 The Conspiracy Theories seeks the truth not only of what we do know about 9 11 but also what has been intentionally hidden from us Researching these stories with the help of strong first person reporting and an in depth examination of documentation released under freedom of information protocols this book sheds new light on one of history s most tragic and troubling episodes which shattered for ever the myth of America as a country immune to
