American Express Quote:

Paying with Plastic, second edition David S. Evans, Richard Schmalensee, 2004-12-17 The definitive account of the trillion dollar payment card industry The payment card business has evolved from its inception in the 1950s as a way to handle payment for expense account lunches the Diners Club card into today's complex sprawling industry that drives trillions of dollars in transaction volume each year Paying with Plastic is the definitive source on an industry that has revolutionized the way we borrow and spend More than a history book Paying with Plastic delivers an entertaining discussion of the impact of an industry that epitomizes the notion of two sided markets those in which two or more customer groups receive value only if all sides are actively engaged New to this second edition the two sided market discussion provides useful insight into the implications of these market dynamics for cardholder rewards merchant interchange fees and card acceptance The authors both of whom have researched the industry for more than 25 years also examine the implications of the recent antitrust cases on the industry as well as other business and technological changes including the massive consolidation brought about by bank mergers the rise of the debit card and the emergence of e commerce that could alter the payment card industry dramatically in the years to come

Greatest Blacks Ever Ambassador Elliston Rahming, Briana Louise Cacuci, 2017-06-16 From an article entitled History's Black Hole from the January 10 2016 global edition of the New York Daily News Arthur Browne opines Across every field of endeavor from the ministry to medicine and from education to entrepreneurship book merchants balk at memorializing black experience and accomplishments Essentially this book is a celebration of black accomplishments over centuries and across continents and seeks to fill a portion of that black hole Of the roughly 7 billion people who inhabit this planet some 1.5 billion are classified as white and blacks account for 1.1 billion The remaining over 4 billion are somewhere in the middle Yet throughout the years a paucity of written materials have recorded the positive influences and myriad contributions that the great number of black citizens have made toward global peace progress prosperity and pleasure
