## Ags World History Unit 4 Review:

*Anthropology's Global Histories* Rainer F. Buschmann, 2008-10-31 Anthropologists and world historians make strange bedfellows Although the latter frequently employ anthropological methods in their descriptions of cross cultural exchanges the former have raised substantial reservations about global approaches to history Fearing loss of specificity anthropologists object to the effacing qualities of techniques employed by world historians this despite the fact that anthropology itself was a global comparative enterprise in the nineteenth century Rainer Buschmann here seeks to recover some of anthropology's global flavor by viewing its history in Oceania through the notion of the ethnographic frontier the furthermost limits of the anthropologically known regions of the Pacific The colony of German New Guinea 1884-1914 presents an ideal example of just such a contact zone Colonial administrators there were drawn to approaches partially inspired by anthropology Anthropologists and museum officials exploited this interest by preparing large scale expeditions to German New Guinea Buschmann explores the resulting interactions between German colonial officials resident ethnographic collectors and indigenous peoples arguing that all were instrumental in the formation of anthropological theory He shows how changes in collecting aims and methods helped shift ethnographic study away from its focus on material artifacts to a broader consideration of indigenous culture He also shows how ethnological collecting often a competitive affair could become politicized and connect to national concerns Finally he places the German experience in the broader context of Euro American anthropology Anthropology's Global Histories will interest students and scholars of anthropology history world history and Pacific studies

**For Such a Time as This** Daniel J. Pacheco, 2020-06-22 A nation that once embraced one nation under God as a government creed is rapidly choosing to forget its spiritual foundations Sadly many in our churches today appear unaware of what the progressive agenda of the left means for American citizens who stand on principles of biblical faith Daniel J Pacheco a retired Navy commander challenges that agenda in this political commentary highlighting what we can expect if we allow progressive leaders to continue trampling upon principles of faith He answers questions such as How are landmarks of Christian faith being removed from the record at an alarming pace Why are progressives laying siege to our right to free speech and our right to bear arms How have moral wrongs somehow become protected rights What does real leadership look like Dan doesn't just regurgitate the good and bad of today's leadership he takes a step back to analyze the moorings of our leadership in the light of Scripture In doing so he provides a blueprint to applying biblical truth to navigate times such as this
