

# IGNITION INTERLOCK INSTALLATION

## in Florida

### ► MULTIPLE CONVENIENT LOCATIONS

Florida is a big state, which is why we provide multiple convenient locations where you can have your court mandated, personal or commercial ignition interlock device (IID) installed in your vehicle. Before getting started, it's important to understand what it's all about.

### ► FLORIDA'S IID LAWS

Get to know Florida's laws regarding IIDs. Florida law requires people with DUI convictions to install an IID in their vehicle. This will allow you to continue to use your vehicle until your driving privileges are restored. Without the IID, you may be required to stop driving altogether.

### ► WHAT DO IID INSTALLATIONS INCLUDE?

Understand what your IID installation will include. First of all, ensure you are eligible to receive one before giving us a call. Then you can schedule your appointment within two days. The appointment will include installation, calibration of the device, and scheduling for your first follow-up maintenance appointment.

### ► WHAT IS AN IID?

But what is an IID? It's essentially your own personal breathalyzer. The IID is connected to your vehicle's starter, so that if you blow into it and your breath alcohol content registers above the pre-set limit, the IID will prevent the car from starting.

### ► ADDITIONAL BREATH SAMPLES

The wonders of IIDs don't stop there. The system is in place to make sure you didn't start drinking after you started the car, so you will be prompted to take additional breath samples at different intervals during your trip.

### ► MONTHLY SERVICE VISITS

Don't forget to factor in monthly service visits. These require you to bring your vehicle into your local ALCOLOCK service center each month so that a technician can upload the records of your tests and send them to your monitoring agency.

Now that you know what it's all about, it's time to get started. Schedule your installation appointment at one of our convenient locations, from Pensacola to Miami and everywhere in between!
