If you are

already an aficionado of Ellington's music you will enjoy the author's informative and detailed analysis of the composer's work and musical influences. If you are less familiar this book puts Ellington's music in perspective with the great classical composers of the twentieth century. David Schiff's remarkable insight into the historical and musical parallels between these composers is a delight to read and his references are vast from Schoenberg's *Pierrot Lunaire* and Stravinsky's *Agon* to television's *Sesame Street*. Schiff writes with a sense of humor and an enthusiasm for Ellington's music that comes out on every page. George Manahan, Music Director, American Composers Orchestra, David Schiff points us forward observing that Ellington's music asks us to see with our ears and hear with our eyes. Writing as a composer and scholar he has a gift for making complex ideas strikingly clear. His insights move across a huge terrain of twentieth century culture as he builds bridges in his musical and cultural analysis where many have not seen a connection. Yet each musical work each artist is given his or her equal due. In this sense he has met the spiritual and cultural challenge of Ellington's life work. Marty Ehrlich, Composer, Instrumentalist, Associate Professor of Improvisation and Contemporary Music, Hampshire College
