NIGHTMARES 1 5 Respecting The Stand Jenifer Paquette,2014-01-10 Many academics dismiss Stephen King as a mere genre writer an over glorified bestseller who appeals to the masses but lacks literary merit This critical analysis of King s epic novel The Stand makes a case for the horror master as a literary writer A careful consideration of The Stand s abstract themes characters setting and text reveals how King s work brims with the literary techniques that critics expect of a serious writer and the haunting questions that mark enduring literature A thoughtful deliberation on so called escapist fiction in the world of literature as well as an informed examination of one of King s most famous books this work paves the way for future studies of other King novels **The Stand** Stephen King,1990 For use in schools and libraries only A monumentally

devastating plague leaves only a few survivors who in a desert world experience dreams of good and evil in confrontation and through their choices move toward an actual confrontation The Stand Stephen King,2020 This is the way the world ends
