Absa Barsaries For 2015:

In Pursuit of Epistemic Healing in South African Universities Wanelisa Xaba, 2025-09-30 This book demonstrates the epistemic challenges in the South African education system and asks readers to think critically about the university's role in a decolonial future. Wanelisa Xaba reveals how Western colonial educational models severed indigenous ways of knowing and learning across the Global South and settler colonial contexts. Presenting narratives capturing ongoing histories of violence, this book shows how Black South African students navigate intersecting identities of race, class, gender, and spirituality within university settings. It shows how racial discrimination from fellow students, academics, and staff, coupled with discriminatory language policies, financial exclusion, and violent colonial curricula, affects Black students' wellbeing on university campuses. Xaba argues that these intersecting colonial violences mirror spiritual violence, hinder their holistic citizenship in South African universities, and result in psycho spiritual disease. By centring Black students' voices, this book provides crucial insights for educators, policymakers, activists, healers, and institutions committed to creating affirming academic spaces and epistemic healing. It is an insightful read for scholars researching decoloniality in higher education as well as students of feminist studies, decolonial theory, educational justice, and critical university studies.

As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
