Absolute Superman For Tomorrow:

Absolute Superman: for Tomorrow Brian Azzarello,2009 A cataclysmic event has struck the Earth Millions have vanished and no one is left unaffected not even Superman Just how far is Superman willing to go This Absolute edition includes a sketchbook section and other bonus features Comics and the Senses Ian Hague,2014-01-10 Attempts to define what comics are and explain how they work have not always been successful because they are premised upon the idea that comic strips comic books and graphic novels are inherently and almost exclusively visual This book challenges that premise and asserts that comics is not just a visual medium The book outlines the multisensory aspects of comics the visual audible tactile olfactory and gustatory elements of the medium It rejects a synaesthetic approach by which all the senses are engaged through visual stimuli and instead argues for a truly multisensory model by which the direct stimulation of the reader s physical senses can be understood A wide range of examples demonstrates how multisensory communication systems work in both commercial and more experimental contexts The book concludes with a case study that looks at the works of Alan Moore and indicates areas of interest that multisensory analysis can draw out but which are overlooked by more conventional approaches

Death In Tomorrow's Shadow H. Melvin James,2024-12-24

There is only one speck of land in the entire world where activities literally take place in the shadow of tomorrow It is a remote island in the Arctic Circle beyond the northwestern tip of the Aleutian Island chain and located just east of the international date line Beyond the west shore of the Bering Strait on the other side of the date line stands the mountains of the Kamchatka Peninsula

When the sun sets on a rare clear day that mountain range towering in the domain of tomorrow casts a shadow over the small and remote island of today With less than thirty working days before retirement FBI Special Agent Rhet Bradley is abruptly assigned to investigate a mysterious and bizarre death on that isolated island His investigation is stymied by the secrecy of the multiple and disparate clandestine operations being conducted there by various contingents of the US military and government agencies Early in his investigation Agent Bradley is confronted with powerful Washington DC

politicians and bureaucrats who insist that his official reports should be contrived to serve their particular agendas Distrust among the secretive agencies military units bureaucrats and politicians complicates Bradley s case Concurrently intense blizzard conditions and a petty illicit drug dealer threaten Rhet s life While contending with the myriad of hazards and obstacles Rhet Bradley must set aside his personal concerns including the untimely death of his lifelong best friend his son s pending return from the war in Vietnam and his lack of preparations for his looming retirement Throughout his investigation Rhet remains uncertain of who he can trust whether a mysterious stranger is yet another foil to mislead his investigation if the victim was a traitor or a double agent if he will be removed from the assignment or if he will be fired discredited and lose his pension
