**Why God Hides** Fr. John Portavella,2018-05-25 Why does God hide day in and day out from those of us who yearn to hear His voice When we do good there s no heavenly applause When we do evil no divine rebuke And when great horrors visit us

He rarely intervenes In good times and bad there s just silence the awful silence of God Now comes Why God Hides this magnum opus of Fr John Portavella written after many decades of listening to God s silence in his own life and in that of thousands of his parishioners Those years of listening reading thinking and praying have made ever more clear to him and with the help of this book will make clear to you that in fact God is not silent nor is He hidden if only you know how to listen and learn where to look Time and again in the events of salvation history and in the trials and joys of our daily lives Fr Portavella here unveils the Face of God and lets us hear His voice speaking in every instance words of sweet love Why God Hides is a remarkable once in a lifetime book that scatters the darkness of our minds giving us myriad glimpses of our supposedly hidden God bringing with each of those glimpses the consolation and joys we have yearned for so long

Jaki,2002 Yet as a Catholic priest of the Benedictine Order Jaki has never made secret his dislike of the rule that expects one to eliminate religious factors from the so called academic equation To his mind those factors matter very much indeed    **Forthcoming Books** Rose Arny,1989-09    *Willa Cather and Six Writers from the Great War* James J. Kirschke,1991 In Willa Cather and Six Writers from the Great War James Kirschke traces Willa Cather s inspiration for the character Tom Outland in her 1925 novel The Professor s House Outland is a brilliant young man from the Southwest who dies as a soldier in the Great War Most authorities on Willa Cather s work presume that inspiration for Outland arose from a trip Cather made to Southern Colorado in the summer of 1915 James Kirschke shows that some of the young poets of World War I may be a part of that inspiration This book is therefore also an introduction to six young Tom Outlands who died during WWI Charles Sorley Arthur Graeme West Edwin Vaughan Edward Wyndham Tennant Alan Seeger and Victor Chapman The book also includes studies on the diary as an art form of her trip to Mesa Verde in Colorado and her connection to Victor Chapman s Letters from France and Alan Seeger s family Co published with the Intercollegiate Studies Institute    *Scientific Meeting On: Science in the Context of Human Culture II, September 30-October 4, 1991* Giovanni Battista Marini-Bettòlo,Paul Poupart,1997    Means to Message Stanley L. Jaki,2000 This study of John Henry Cardinal Newman 1801 1890 confronts a variety of misperceptions of the famous English bishop especially those that diminish Newman s deep appreciation of the supernatural As Stanley Jaki writes Newman s chief challenge today as in his

times aims at the defense of the supernatural Jaki shows that such a defense was for Newman far more than a simple intellectual enterprise For Newman the supernatural was above all a spiritual challenge of the profoundest sort In this volume Jaki begins with an overview of the challenge that Newman set for himself and for the church Jaki then unfolds this challenge across a dozen key topics drawn from Newman's writings Jaki shows that much as the topics of original sin angels miracles Anglo Catholicism conversion and papacy may differ from those of assent science evolution and history they all bespeak Newman's total engagement with the concretely given supernatural     *Benevolent Living* Richard Hazelett, Dean Turner, 1990     The Early Diagnosis of Heart Failure and Other Essays on the Heart and Circulation T. **The Purpose of it All** Stanley L. Jaki, 1990 This book an expanded version of eight lectures the author delivered in Oxford in November 1989 offers an answer to the question What is the purpose of life True to his reputation as an internationally acclaimed philosopher and historian of science the author casts in a new mould the argument from design In doing so he submits its traditional and modern forms among them the anthropic principle and process philosophies to insightful and unsparing criticism He shows that both historically and conceptually the idea of purposeful progress is rooted in the Biblical recognition of free will as a carrier of eternal responsibilities and prospects
