The Boundless Classroom Nathan Lang-Raad, James Vince Witty, 2022 A global pandemic hit our world and education has forever changed. But have your instructional practices changed? Teachers must now leverage technology to provide students with high quality teaching and learning experiences that transcend a traditional classroom's walls. This is a historic opportunity to abandon antiquated teaching practices and reimagine instruction in ways that boost learning outcomes and prepare students for living and working in the digital age. This book offers guidance for creating and sustaining rigorous and engaging blended learning solutions. Opening with lessons learned from the pandemic, the book addresses impacts on lesson design and delivery, student engagement, assessment, and teacher training and PD. The following chapters build on and address these experiences with each chapter featuring practical examples on how to implement effective blended instructions as well as examples from the field to illustrate effective approaches to blended and online instruction.

Unlocking Multilingual Learners' Potential Diane Staehr Fenner, Sydney Snyder, Meghan Gregoire-Smith, 2024-01-10 Bring classroom content to life for multilingual learners. In this eagerly anticipated revision of their bestselling book, authors Diane Staehr Fenner, Sydney Snyder, and Meghan Gregoire-Smith share dynamic, research-backed strategies that every educator of multilingual learners (MLs) can add to their repertoire. Including more of what educators loved from the first edition, *authentic classroom examples*, a wide variety of research-based instructional strategies and practical tools to implement across grade levels and content areas, this is the ultimate practical guide to unlocking the potential of MLs in K-12 classrooms. With fresh graphics and eye-catching colors, this thoroughly revised edition also includes *Considerations for newcomers and students with interrupted or no formal education*, *SLIFE*, an added chapter on building scaffolded instruction and peer learning opportunities into MLs' academic reading and writing activities, additional opportunities for reflection and application, a new unit planning template aligned with research-based instructional practices including a completed example unit. Situated within five core beliefs that frame the must-haves for MLs' equitable and excellent education, *Unlocking Multilingual Learners' Potential* is a guide to research-based practices and a toolbox of strategies every educator can implement to make content accessible and increase language proficiency among MLs. **Strategies for Connecting**
