Family Business on the Couch Manfred F. R. Kets de Vries, Randel S. Carlock, 2007-10-29 The challenge faced by family businesses and their stakeholders is to recognise the issues that they face understand how to develop strategies to address them and more importantly to create narratives or family stories that explain the emotional dimension of the issues to the family The most intractable family business issues are not the business problems the organisation faces but the emotional issues that compound them Applying psychodynamic concepts will help to explain behaviour and will enable the family to prepare for life cycle transitions and other issues that may arise Here is a new understanding and a broader perspective on the human dynamics of family firms with two complementary frameworks psychodynamic and family systematic to help make sense of family run organisations Although this book includes a conceptual section it is first and foremost a practical book about the real world issues faced by business families The book begins by demonstrating that many years of achievement through generations can be destroyed by the next if the family fails to address the psychological issues they face By exploring cases from famous and less well known family businesses across the world the authors discuss entrepreneurs the entrepreneurial family and the lifecycles of the individual and the

organisation They go on to show how companies going through change and transition can avoid the pitfalls that endanger both family and company The authors then apply tools that will help family businesses in transition and offer their analyses and conclusions Readers should draw their own conclusions from careful examination of the cases identifying the problems or dilemmas faced and the options for improved business performance and family relationships They should ask what they might have done in the given situation and what new insight into individual or family behaviour each case offers The goal is to avoid a bitter ending

Family Business as Paradox A. Schuman, S. Stutz, J. Ward, 2010-10-13 Rather than having to choose between the family and the business the authors argue that if family owned businesses can consciously manage and over time perhaps synthesize these contradictions the Family Enterprise will have a long term strategic and competitive advantage and the family will remain committed to continuity

The Family Business 4 Carl Weber, La Jill Hunt, 2018-01-30 National bestselling author Carl Weber returns with Essence bestseller La Jill Hunt in the latest installment in the wildly popular Family Business series LC Duncan patriarch and leader of the Duncan clan is alive and well after being shot by a mysterious gunman His near death experience has caused him and his wife Chippy to reflect on both the past and present and together they decide that it's time to return to Waycross Georgia for a long overdue family reunion Wherever the Duncans go trouble is never too far behind and this time it comes in the form of longtime Duncan enemy Vinnie Dash and Orlando Duncan's baby momma Ruby Vinnie and Ruby are back to seek revenge on the Duncan family and they continue to deny Orlando the opportunity to meet his only child who has been named after his family's sworn enemy Orlando takes things into his own hands and sets out to Jamaica to get his son The beautiful Paris Duncan is being haunted by recurring nightmares of her true love Niles Monroe She blew up his private plane when he became a threat to her family however there have been signs that suggest he may still be alive On top of this Darryl Graham a long lost family friend has returned and reignited a feud between Paris and London Will the sisters have it out once again over the attention of a man Get ready for another roller coaster ride with the Duncan family
