Aging And Decision Making Empirical And Applied Perspectives:

Aging and Decision Making Thomas M. Hess, Jo Nell Strough, Corinna Löckenhoff, 2015-02-17 Decisions large and small play a fundamental role in shaping life course trajectories of health and well being decisions draw upon an individual's capacity for self regulation and self control their ability to keep long term goals in mind and their willingness to place appropriate value on their future well being Aging and Decision Making addresses the specific cognitive and affective processes that account for age related changes in decision making targeting interventions to compensate for vulnerabilities and leverage strengths in the aging individual This book focuses on four dominant approaches that characterize the current state of decision making science and aging neuroscience behavioral mechanisms competence models and applied perspectives Underscoring that choice is a ubiquitous component of everyday functioning Aging and Decision Making examines the implications of how we invest our limited social temporal psychological financial and physical resources and lays essential groundwork for the design of decision supportive interventions for adaptive aging that take into account individual capacities and context variables Divided into four dominant approaches that characterize the current state of decision making science and aging neuroscience Explores the impact of aging on the linkages between cortical structures functions and the behavioral indices of decision making Examines the themes associated with behavioral approaches that attempt integrations of methods models and theories of general decision making with those derived from the study of aging Details the changes in underlying competencies in later life and the two prevailing themes that have emerged one the general individual differences perspective and two a more clinical focus

Client Psychology CFP Board, 2018-02-19 A Client Centered approach to Financial Planning Practice built by Research for Practitioners The second in the CFP Board Center for Financial Planning Series Client Psychology explores the biases behaviors and perceptions that impact client decision making and overall financial well being This book written for practitioners researchers and educators outlines the theory behind many of these areas while also explicitly stating how these related areas directly impact financial planning practice Additionally some chapters build an argument based solely upon theory while others will have exclusively practical applications Defines an entirely new area of focus within financial planning practice and research Client Psychology Serves as the essential reference for financial planners on client psychology Builds upon and expands the body of knowledge for financial planning Provides insight regarding the factors that impact client financial decision making from a multidisciplinary approach If you're a CFP professional researcher financial advisor or student pursuing a career in financial planning or financial services this book deserves a prominent spot on your professional bookshelf

Economic Psychology Rob Ranyard, 2017-08-14 A comprehensive overview of contemporary economic psychology Economic Psychology presents an accessible overview of contemporary economic psychology The science of economic mental life and behavior is increasingly relevant as people are expected to take more responsibility for their household and personal economic decisions The text will

in addition to reviewing current knowledge on each topic presented consider the practical and policy implications for supporting economic decision making Economic Psychology examines the central aspects of adult decision making in everyday life and includes the theories of economic decision making based on risk value and affect and theories of intertemporal choice The text reviews the nature and behavioral consequences of economic mental representations about such things as material possessions money and the economy The editor Robert Ranyard a noted expert on economic psychology presents a life span developmental approach from childhood to old age He also reviews the important societal issues such as charitable giving and economic sustainability This vital resource Reviews the economic psychology in everyday life including financial behaviour such as saving and tax paying and matters such as entrepreneurial activity Offers an introduction to the field and traces the emergence of the discipline from Adam Smith to George Katona and Herbert Simon Includes information on societal issues such as charitable giving and pro environmental behaviour Considers broader perspectives on economic psychology life span psychological development from childhood to old age Written for students of psychology Economic Psychology reviews the most important information on contemporary economic psychology with a focus on individual and household economic decision making ranging widely across financial matters such as borrowing and saving and economic activities such as buying trading and working Multiple Pathways of Cognitive Aging Grzegorz

Sedek,Thomas Hess,Dayna Tournon,2021-09-10 Multiple Pathways of Cognitive Aging explores adaptive functioning in later life It considers both the factors underlying individual differences in late life cognitive change as well as the nature of the compensatory mechanisms developed by most successful and active middle aged and older adults **Human Ecology**,2014

Discourse and Lifespan Identity Nikolas Coupland,John F. Nussbaum,1993-09-10 This book sculpts a new direction for sociolinguistics inasmuch as it incorporates lifespan studies into the realm of language and context It makes us realize that our senses of who we are is a conglomerate of several different dimensions temporal social linguistic Studies in Second Language Acquisition The editors of this volume have successfully put together a group of articles which address the role of language in creating our developing self by attempting to answer how our identity is achieved across the lifespan through the use of language in relationships Language in Society The volume s strengths include clear illustration of the role of discourse in constituting self especially with regard to aging evidence overturning the hegemony of rigid life stage cycle models for understanding lifespan development and presentation of innovative methods for lifespan research The volume offers insightful contributions to discourse studies of the lifespan Discourse Society This is a fascinating book in the Sage Language and Language Behavior series Although it is written primarily for researchers and theoreticians in sociology and linguistics there is application to child and adult development gerontology oral history and even family systems theory This introduction to lifespan sociolinguistics is both clear and compelling Clinical Gerontologist How are social development maturation aging stability and change reflected in human interaction and in social contexts How where and when does age surface as a theme

in everyday talk What social rituals endorse our accepted views of coming of age turning forty entering retirement or generally acting our age What can language achieve for us A multidisciplinary cast of contributors answers such questions through empirical studies and theoretical interpretations Provocative and accessibly written this volume explores discursive practices in which age related identities are formulated challenged or consolidated From mother daughter relationships to marital communication Discourse and Lifespan Identity takes a dynamic view of lifespan development in today s culture Discourse and Lifespan Identity offers valuable information to students and professionals of interpersonal communication speech communication social psychology developmental psychology aging and sociology

Encyclopedia of Human Development Neil J. Salkind, 2005-10-14 The Encyclopedia of Human Development is the first comprehensive authoritative and informative reference work that presents state of the art research and ready to use facts from the fields of psychology individual and family studies and education in a way that is not too technical With more than 600 entries this three volume Encyclopedia covers topics as diverse as adolescence cognitive development education family gender differences identity longitudinal research personality development prenatal development temperament and more

Critical Issues in Aging Policy Edgar Borgatta, Rhonda J. V. Montgomery, 1987-06 Giving a comprehensive overview of the discipline this book is designed as a supplementary text for students of social gerontology and ageing policy 3 Highlighting policy implications specialists consider issues such as long term care ways of measuring well being social relationships of the elderly attitudes to retirement health and crime the book does a good job in prompting deeper consideration of day to day issues about elderly people and points up many unexplored areas worthy of research This is a useful book combining much of general interest for staff working with older people with clear and important messages for its target audience of researchers and policy theorists GPS 3 2

Sociological Abstracts, 1978 **Sociological Abstracts** Leo P. Chall, 2001 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

Religious and Theological Abstracts, 2007 *An Aging World* John Eekelaar, David Pearl, 1989 The rapidly increasing proportion of elderly in the world s population is creating a demographic structure unprecedented in world history This volume provides the first critical examination on an international basis of the problems facing legal and social systems as a result of these demographic changes Experts analyze population trends and their relationship to world population policies and structures consider how family support systems cope with these changes and address a wide range of legal and social problems connected with policies toward the elderly

Environment and Planning, 2002 Journal of urban planning and design Publishes research in the application of formal methods methods models and theories to spatial problems involving the built environment and the spatial structure of cities and regions Includes the application of computers to planning and design in particular the use

of shape grammars artificial intelligence and morphological methods to buildings and towns the use of multimedia and GIS in urban and regional planning and the development of ideas concerning the virtual city Comprehensive Clinical Psychology

A.S. Bellack, Michel Hersen, 1998-08-20 *Episodic Memory and Healthy Ageing* Chris Moulin, Moshe

Naveh-Benjamin, Celine Souchay, 2009 This volume gathers together articles by leaders in the field exploring aging and episodic memory in healthy adults These articles provide interesting and novel findings on different aspects of episodic memory including patterns of decline and sparing heterogeneity in older adults memory performance and cognitive and non cognitive factors that potentially improve older adults memory performance *Psychological Testing* Kevin R.

Murphy, Charles O. Davidshofer, 2001 This book clearly and accurately reflects the current field of psychological testing It focuses on the use of psychological tests to make important decisions about individuals in a variety of settings Exploring the theory methods and applications of psychological testing it provides a full and fair evaluation of the advantages and drawbacks of psychological testing in general and selected tests in particular Chapter topics include expansive coverage of neuropsychological testing the impact of testing on society application of psychological tests in the contexts of education industry and clinical settings computerized test administration and interpretation consistency of test scores the process of test development ability interest and personality testing and clinical applications and assessment For individuals interested in the latest research available and sometimes controversial issues involved in psychological testing and measurement

Journal of Soil and Water Conservation ,1986 Vol 25 no 1 contains the society s Lincoln Chapter s Resource conservation glossary **APS Observer** ,2001 *Current Index to Journals in Education* ,1997 Aging in Contemporary Canada

Neena L. Chappell, 2003 Written from a social psychological perspectives *Aging in Contemporary Canada* provides students with a comprehensive introduction to the subject of aging Verso de la couv p 4
