Agricultural Research and Development Josette Murphy,1982* **Bibliography of Studies and Reports on Science Policy and Related Topics, 1945-1985** ,1987 **Strengthening National Agricultural Research Systems** Derek Byerlee,Gary E. Alex,1998-01-01 This report provides a brief review of recent trends and key policies in strengthening national agricultural research systems Chapters provide a brief overview of the recent evolution of national research systems and a synthesis of policy issues and good practices for developing these systems including the involvement of universities and the private sector They also focus on key policy and institutional reforms for strengthening public research institutions including funding research management and client orientation Finally they discuss implications for the World Bank in its ongoing efforts to strengthen national research systems **The World Bank Research Program, 2005-2007** ,2008 This pocket sized reference on key environmental data for over 200 countries includes key indicators on agriculture forestry biodiversity energy emission and pollution and water and sanitation The volume helps establish a sound base of information to help set priorities and measure progress toward environmental sustainability goals *Bibliographic Guide to Government Publications--U.S.* New York Public Library. Research Libraries,1976 **Agriculture and youth in Nigeria: Aspirations, challenges, constraints, and resilience** ElDidi, Hagar,Bidoli, Thomas,Ringler, Claudia,2020-07-03 Nigeria s rural youth are facing various challenges in agriculture with limited job opportunities outside the sector Using qualitative focus group discussions and individual interviews with youth in four communities in two Nigerian states the paper reflects on nuanced differences in perceptions of opportunities coping mechanisms and overall resilience of youth in rural Nigeria as well as differential access to information inputs and irrigation based on age gender and community We apply the GCAN framework to illustrate the factors that shape resilience pathways in the context of climate change and other shocks and stressors Many of the constraints rural youth face are faced by other groups including lack of finance farm inputs and modern equipment for production and processing Yet youth face higher and specific hurdles related to lack of capital experience and a strong social capital and networks that would facilitate coping with climatic and other shocks and improving their livelihoods Young women in particular have less access to information and irrigation and are less likely to benefit from cooperative memberships Nevertheless young men and women have higher resilience compared to older groups in terms of health

mobility and ability to migrate as well as easier access to the internet as a source of information Youth can better build resilience and a network and receive government assistance when part of a cooperative Nevertheless a larger enabling environment in the sector is needed to improve roads access to markets information inputs and equipment to support young farmers who cannot leave the agriculture sector A promising factor is that many young men and women realize the importance of agriculture and aspire to become successful in the sector
