Library of Congress Catalog Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards. *Multilateral Theology* Timothy T.N. Lim, 2021-04-19 This book introduces a new multilateral methodology for the contemporary study of theology. It bases this methodology on the idea that there are too many materials contributing as sources for theologizing to sustain the one method fits all approach found in many systematic theologies within Christianity. What is needed instead is something that reflects the various and varied natures, purposes and tasks of theologians theologizing for their respective contexts. Engaging materials from a range of Christian traditions including Evangelicalism, the Catholic Magisterium and a limited range of pan Orthodox resources, the book analyzes and assesses major factors that have shaped different streams of theology. Addressing doctrinal development, scripture and revelation, historical tradition and creeds, philosophy and truth sciences, and interdisciplinarity, experience religious pluralism and culture, it demonstrates how these various streams can form a multilateral whole. The book concludes by examining the centers and peripherals of methodologies in theologization for a spectrum of theological traditions, streams both across and beyond Christianity. By offering an approach that keeps in step with the increasingly interconnected and pluralistic world in which we live, this book provides a vital resource for any scholar of Christian theology, constructive theology, contextual theologies and systematic theology as well as religious studies.

Genealogy Digest, 1979 **Early Interracial Oneness**

Pentecostalism Talmadge L. French, 2014-07-02 Early Interracial Oneness Pentecostalism is a look at what is perhaps the least known chapter in the history of American Pentecostalism. The study of the first thirty years of Oneness Pentecostalism (1901-31) is especially relevant due to its unparalleled interracial commitment to an all flesh, all people, counter-cultural Pentecost. This in-depth study details the lives of its earliest primary architects, including G.T. Haywood, R.C. Lawson, J.J. Frazee, and E.W. Doak, and the emergence of Oneness Pentecostalism and its flagship organization, Pentecostal Assemblies of the World. This is a one-of-a-kind history of Pentecostalism through the lens of the Jesus Name movement and the interracial

struggles of the period interlinking the significance of Charles Parham William Seymour and the Azusa Street revival COGIC the newly formed Assemblies of God and dozens of the earliest Oneness organizational bodies Exploration of the significance of the role of African American Indianapolis leader G T Haywood is central as are the development of the movement s key centers in the United States and the ultimate loss of interracial unity after more than thirty years These crucial events marked indelibly the U S the global missionary and the autochthonous expansion of Oneness Pentecostalism worldwide
