Law and the "Sharing Economy" Derek McKee, Finn Makela, Teresa Scassa, 2018-11-27 Controversy shrouds sharing economy platforms It stems partially from the platforms economic impact which is felt most acutely in certain sectors Uber drivers compete with taxi drivers Airbnb hosts compete with hotels Other consequences lie elsewhere Uber is associated with a trend toward low paying precarious work whereas Airbnb is accused of exacerbating real estate speculation and raising the cost of long term rental housing While governments in some jurisdictions have attempted to rein in the platforms technology has enabled such companies to bypass conventional regulatory categories generating accusations of unfair competition as well as debates about the merits of existing regulatory regimes Indeed the platforms blur a number of familiar distinctions including personal versus commercial activity infrastructure versus content contractual autonomy versus hierarchical control These ambiguities can stymie legal regimes that rely on these distinctions as organizing principles including those relating to labour competition tax insurance information the prohibition of discrimination as well as specialized sectoral regulation This book is organized around five themes technologies of regulation regulating technology the sites of regulation local to global regulating markets and regulating labour Together the chapters offer a rich variety of insights on the regulation of the sharing economy both in terms of the traditional areas of law they bring to bear and the theoretical perspectives that inform their analysis Published in English

Taxation and the Peer-to-Peer Economy Aqib Aslam, Ms. Alpa Shah, 2017-08-08 The

growth of the peer to peer P2P economy over the last decade has captivated both stock markets and policymakers alike While the means for transacting might be different to existing firm structures with the emergence of digital platforms that connect individual buyers and sellers directly the tax behavior of individuals operating in this new economy are very familiar What is clear is that while the P2P economy has potentially exacerbated existing policy administrative and revenue mobilization challenges associated with small business taxation such as the choice of the tax base and how to set tax thresholds the technology behind P2P platforms presents a valuable opportunity to eventually solve them
