AIKIDO Base & Fundamentals: Introductory Manual Javier J. Vázquez Bravo, 2024-07-02 Historically martial arts have been regarded as a means of developing both physical and mental capabilities which is a fundamental aspect of any self defence system Discipline rigorous physical training and above all a vision of war and the destruction of the enemy by any means have accompanied the practice of many of the styles However new trends have been emerging in the ever changing world of martial arts It should be noted that any style of martial art can be beneficial for achieving physical and spiritual growth However the martial art known as Aikido is one that has been developing in Puerto Rico and many Latin American countries This is particularly relevant to those seeking a philosophy of life as humanity is moving towards new social political and economic frontiers Our future aspirations include integration and peaceful social coexistence These aspirations align with the view that violence should not be used as a mechanism for solving problems between human beings The social cost of violence is too high for it to represent an answer for the future Aikido is completely
