The Lost Cause Cory Doctorow, 2023-11-14 It's thirty years from now We're making progress mitigating climate change slowly but surely But what about all the angry old people who can't let go For young Americans a generation from now climate change isn't controversial It's just an overwhelming fact of life And so are the great efforts to contain and mitigate it Entire cities are being moved inland from the rising seas Vast clean energy projects are springing up everywhere Disaster relief the mitigation of floods and superstorms has become a skill for which tens of millions of people are trained every year The effort is global It employs everyone who wants to work Even when national politics oscillates back to right wing leaders the momentum is too great these vast programs cannot be stopped in their tracks But there are still those Americans mostly elderly who cling to their red baseball caps their grievances their huge vehicles their anger To their alternative news sources that reassure them that their resentment is right and pure and that climate change is just a giant scam And they're your grandfather your uncle your great aunt And they're not going anywhere And they're armed to the teeth *The Lost Cause* asks What do we do about people who cling to the belief that their own children are the enemy When in fact they're often the elders that we love At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Meet Dandra Williams, mother of two and sales associate. After serving time in prison, Dandra gives herself a second chance at life to become an upstanding citizen and a caring mother. Of course, like any other concerned mother, she detests the idea of raising her children in a crime-infested apartment complex. Dandra's hasty decision begins to brighten after she relocates her children to a two-story home closest to work and her children's school. What Dandra doesn't know is that there is darkness and evil. She is caught in the entanglement of Child Protective Services, the State, and the paranormal. Dandra's journey will test her faith and courage to keep her family together.
