**Atlantis Rising Magazine - 127 January/February 2018** J. Douglas Kenyon, In this Issue NASA CONCEDES PLANET  
 9 PROBABLY REAL The late Zecharia Sitchin is probably cheering these days In October 2017 NASA publicly conceded that in  
 all likelihood the Solar System has a ninth planet Sitchin s scenario of a planet Nibiru making periodic returns to Earth s  
 neighborhood to tinker with human history may not quite fit with NASA s view of a massive body on a vast orbital path as yet  
 untracked Yet still many of the elements Sitchin said he had decoded from ancient Sumerian cuneiform texts seem to be  
 present in the now favored ninth planet theory ARCHAEOLOGICAL SHOCKER FIRST AMERICANS WERE HERE OVER 130

THOUSAND YEARS AGO The idea that modern humans or even Neanderthals could have been present in America over twelve thousand years ago has long been controversial and discoveries which support that argument have been denied discredited or disregarded by conventional science Extraordinary new findings in California however are making the case that more than 130 thousand years ago someone used stone tools to break the bones of mastodons The intent it is speculated would have been to extract the nutritious bone marrow According to archaeologist Steven Holen as reported by the prestigious science website NewScientist com the evidence is fairly conclusive CANADIANS OVER 13 THOUSAND Score another point for mythology over science For thousands of years the indigenous Heiltsuk Nation of British Columbia has relayed an oral tradition from generation to generation that its ancestors escaped the harsh conditions of the Ice Age on a temperate island off the coast of Canada Now archaeologists once convinced that no humans were in North America before 12 000 years ago are facing powerful new evidence that the Heiltsuk may have been right all along TASMANIAN TIGERS STILL AROUND While public debate over the existence of bigfoot rages on see Todd Prescott s article on page 32 in this issue another species declared extinct by the powers that be is making signs of reappearing CYBORG EYES In the 1984 movie The Terminator a Cyborg a being with both organic and biomechatronic body parts from the future played by Arnold Swartzenegger searches for the mother of a yet to be born hero who will be a scourge to the robots who rule that world to come It was all science fiction of course but the memorable artificial eyes of the Terminator could turn out to be more fact than fiction IS CHINA MAKING IMPOSSIBLE SPACE DRIVE In the race to develop the EM Drive China may have moved ahead of the U S The mysterious and some would say impossible space drive technology successfully tested recently by NASA has been converted by Chinese scientists into a working prototype That at least is the claim of the Chinese propaganda ministry AMERICANS BELIEVE IN ADVANCED ANCIENT CIVILIZATION For anyone wondering how a magazine like Atlantis Rising could even exist the answer may be found in a new survey from Chapman University In an October 2017 poll on Paranormal Beliefs Chapman found that 55% of the public agree or strongly agree with the statement Ancient advanced civilizations such as Atlantis once existed ALTERNATIVE SCIENCE GLOBAL WEIRDING Catastrophic Weather Global Warming BY SUSAN B MARTINEZ Ph D Here in Georgia the lights went out on September 11 when Hurricane Irma came roaring through Not only were they back to back storms Harvey Irma Jose Maria etc but in those same terrifying weeks Mexico was hit with three mighty earthquakes All too predictably the hurricanes were blamed on global warming But could they also blame the quakes on warming They ve tried ANCIENT MYSTERIES ATLANTIS THE RELIGIOUS Do We Know What the Natives Believed BY FRANK JOSEPH Atlantis Rising readers have learned much over the last twenty three years about the geological fate and checkered history of the sunken civilization from which our magazine derives its name But no less significant were less appreciated religious convictions that it is said characterized the lost kingdom because they not only survived its destruction but were carried by its survivors to the outside world where they influenced the belief systems of
